SEEKING SUCCESSOR TO GARY

Miller Or Farrell Likely To Succeed To Gary Vacancy

President Coolidge Is Mentioned, Among Others, For Place.

BOARD TO SELECT TEMPORARY SUCCESSOR

Permanent Choice To Await Return Of J. P. Morgan From Europe.

(International News Service)

NEW YORK, Aug. 16. — Chairmanship of the Board of Directors of the United States Steel Corporation, made vacant by the death of Judge Elbert H. Gary, may be offered to President Coolidge if the President remains firm in his determination not to be a candidate for renomination and re-election, according to a report in Wall Street today.

But in the financial district the Coolidge report was met with considerable skepticism. The best guess of the financial community was that former Governor Nathan L. Miller, General Counsel of the Steel Corporation, would be named as Mr. Gary's successor.

James A. Farrell, president of the corporation, is also mentioned as a possible successor, along with Myron C. Taylor, Senator David A. Reed, Pierre S. DuPont, Dwight Morrow, Eugene G. Grace and George Gordon Crawford. The finance committee of the United States Steel Corporation meets this afternoon at 2:30 and it is probable that a temporary chairman will be chosen. It is unlikely that any final choice will be made until J. P. Morgan returns from Europe.

The body of Judge Gary will be shipped to Chicago this afternoon on the Twentieth Century Limited. From Chicago it will be taken to Wheaton, Ill., for funeral services and burial on Thursday. Judge Gary was born in Wheaton and he had expressed the wish to be buried there. Services will be conducted in the Gary Memorial Methodist Episcopal church, a gift of the deceased to the congregation.

There is such speculation concerning the size of the fortune left by the late steel master. The estimates run all the way from $10,000,000 to $45,000,000.

Pot Of Gold, $25,000 Awaits Successful Flier In Race.

By ELLIS MARTIN
International News Service Staff Correspondent

MUNICIPAL AIRPORT, OAKLAND, Cal., Aug. 16. — The world's greatest aerial derby is on today.

Groomed to perfection, nine planes awaited the signal flag which at noon will send them zooming out across the Pacific in an epochal race to Hawaii.

Nine pilots, eight navigators and a charming young Michigan "schoolmarm," Miss Mildred Doran, prepared to gamble their lives on their ability to span by air the 2,400 miles of trackless sea.

GIRL FLIER KILLED AT YOUNGSTOWN, O.

(International News Service)

YOUNGSTOWN, Ohio, Aug. 16.—Miss Gladys Roy, 25-year-old aviatrix, of Minneapolis, was dead here today, a victim of injuries suffered late Monday, when she stepped into the path of the propeller on her plane at Watson Field, where she was taking part in the filming of a moving picture.

The film, which was to include Miss Evelyn Wilgus, of Russell's Point, recently chosen to represent Ohio in the Atlantic City bathing beauty contest, was near completion when Miss Roy, after starting her engine, unconsciously walked into the propeller, which struck her twice in the head. She lived but two hours after the accident.

Chamberlin's Mother May Accompany Son On First Air Trip

(International News Service)

NEW YORK, Aug. 16.—Mrs. E. C. Chamberlin, mother of Clarence Chamberlin, may have her first airplane flight soon with her famous son at the controls, she said today following the ovation bestowed upon him at the banquet tendered last night by the Iowa Association.

Chamberlin and his mother prepared to leave for Iowa where a big celebration awaits the New York-Germany flier.

Among the speakers at the Iowa banquet were Ellis Parker Butler, Dr. Herman Knapp, president of Iowa State College, Leslie M. Shaw, and Bruce Bliven, an editor of the New Republic.

Will is Neutral in Matter of Screen and Stage Brains

(Special To The News)

BEVERLY HILLS, Cal., Aug. 16.—Doug Fairbanks stated yesterday in an interview that there are more brains on the screen than on the stage after viewing some of the productions put on lately by both screen and stage.

I think most people will agree, that in the matter of brains displayed, it's an absolute tie between the two.

Yours, a disciple of both. . .

DANCE HALLS NEED PERMIT

County Detective To Enforce Order Of District Attorney On Licenses.

"No more time will be given the country dance halls to pay their license fees" is the announcement of County Detective William G. Fleming today. "From today on every dance hall without a license will be closed, even though it means stopping a dance in the middle of the evening. We have been lenient with the proprietors in the matter, but in spite of our desire to play fair with them, only five out of about 15 have responded. No more warning will be given."

Under an act of the general assembly of the session of 1927 rural dance halls come under the supervision of the district attorney. Some time ago J Elder Bryan, district attorney, warned the dance hall proprietors to get licenses as they are required to do, and five of them have responded. He has now turned the matter over to the county detective for action, and Mr. Fleming has promised plenty of that.

Train Derailment On Steep Incline; No One Injured

Freight Train Wrecked Near Kane, Ascending Steep Grade, Pushed By Another Train

(International News Service)

KANE, Pa., Aug. 16.—Eleven cars were derailed, three toppling over a 30-foot embankment and 1,100 feet of track was torn up when an east bound Pennsylvania railroad freight was wrecked two miles east of here on the "Kane Hill" today. No one was hurt. A broken brake beam was said to have caused the wreck.

The train was going up the steep grade, pulled by one locomotive and pushed by another, when one car went off the track. The engins could not be stopped at once, and travelled another 1,000 feet before brought to a halt.

Approximately 500 feet of track on a siding was torn up, but repaired quickly to enable passenger traffic to move uninterruptedly. Wrecking crews were sent from Kane and Erie.

The train was in charge of W. J. Murphy, engineer, of Erie, and J. H. Harmon, conductor, also of Erie.

PREPARE FOR GARY FUNERAL

Wheaton, Ill., Prepares To Receive Gary Funeral Cortege.

SPECIAL TRAIN BEARS REMAINS

(International News Service)

WHEATON, Ill., Aug. 16.—Wheaton today sorrowfully prepared to receive the funeral cortege of the town's most distinguished citizen.

The body of Elbert H. Gary, chairman of the United States Steel Corporation, who died yesterday in New York, will reach here on a special funeral train tomorrow. Burial will follow Thursday morning in Wheaton cemetery, near the scene of Judge Gary's early childhood.

The body will lie in state Wednesday afternoon at Gary Memorial church, where the remains may be viewed by hundreds of local townspeople who numbered Judge Gary as a close personal friend. The Rev. Almer Pennewell ,pastor of the church is now in Missouri on vacation, but wired that he is returning to conduct the funeral services.

It was here that Judge Gary grew to manhood, practiced law, served offices that required his presence in the east throughout the greater part of the last quarter century. Judge Gary never forgot the folks back home. The town is in deepest mourning today. All business houses will be closed on Thursday, the day of the funeral. Delegations of business men and officials from nearby Illinois cities will come here and attend the funeral in a body.

COUNTY DETECTIVE FINDS SMALL ARSENAL PLANT AT NEW BEDFORD

It may have been that the failure of the Geneva Conference was the cause or perhaps the Bolshevist movement in Russia had him frightened.

Whatever the cause, Joe Lytle of New Bedford, was prepared for any emergency, for no finer collection of guns and weapons has been lifted in this county for years, than the one taken from "Fort Lytle" Monday night by County Detective William G. Fleming and his assistants.

Joe had everything you could wish for in the way of weapons. Squirrel rifles, old fashioned Winchesters, South African rifles, Derringer revolvers, target pistols, guns that William S. Hart might envy, revolvers that looked as though Captain Kidd had them on the Spanish Main, cutlasses, swords, dirks and bayonets. In addition he had a complete outfit for making bullets. Empty cartridge cases, lead bullets, loading utensils, molds, caps, powder and an old fashioned powder horn.

Annoying Women

Mr. Fleming got a call to New Bedford Monday night, the complaint being that Joe Lytle was annoying women in that vicinity. The officers responded to the call and found Mr. Lytle, age about 50, intrenched in a two room home.

When the officers got there Lytle was in bed and with him, six loaded revolvers. He was relieved of them and a search begun for more guns. They were back of pictures, under carpet, back of a chimney, under

FIFTY BLOOMS ON ONE STEM

What apparently is another freak of nature has shown up at Koppel, where C. F. Mount is the proud possessor of a gladiola which shows fifty blooms on one five foot stem. And they do not face in only four directions; no, there is a bloom for every point on the compass, and then some left over.

Twenty-one blossoms are open at the same time, claims Mr. Mount.

This is a record which has yet to be beaten in the vicinity of New Castle, and Mr. Mount doubts if it can be beaten in the whole country.

GILFILLAN COMPANY WINS ELECTRIC JOB

L. F. Vaughn today won the award of the contract for the erection and construction of a building in South Jefferson street, near Neshannock river bridge, to house number 1 fire apparatus, at a low bid of $27,000, plus an additional $225, providing a steel joist is installed.

The contract was awarded by council at their regular session held in city hall. Solons also awarded a contract for electrical fixtures and wiring to Gilfillan Electric company at a low price of $805, but rejected bids for installing plumbing and heating fixtures and ordered new bids taken.

The city advertised for a group bid on installing plumbing and providing heating apparatus which it is said, is contrary to state law and council was instructed to reject the bids.

Old Timers Will Meet Wednesday

Twentieth annual reunion of the Old Timers of this city and Lawrence county will be an event of Wednesday, all day, at Cascade Park. Everything is in readiness for the event, according to Harvey E. State Potato Growers On Tour; Here Today

Nearly 200 potato growers of this state will arrive in this city, late this afternoon, completing the second day of their six-day motor coach tour of important potato sections of the state.

They will probably pass through the main part of the city enroute to the Charles Patton farm, located on the Harlansburg road, where they will remain for the greater part of the evening. Supper will be served there and a meeting is scheduled for 7 p. m. Eastern Standard Time.

The meeting at 7 o'clock is open to all who wish to attend. Local men or women, interested in potatoes, are cordially invited.

Two citizens of this city will speak. Fred L. Rentz, president of the New Castle News and David S. Pyle, manager of the Shenango Works of the American Sheet and Tin Plate company will speak on urban development, and the tin industry in Western Pennsylvania, respectively.

After the program for the evening has been concluded, the growers will be taken to the Carnegie auditorium, where they will stay overnight. Cots and blankets necessary for the overnight lodgings are being carried on the tour.

The growers will leave for Pittsburgh early Wednesday morning. They will inspect the produce yards while in that city and then continue to Ebensburg.

The tour will take the growers through the most important potato sections of the state, ending on Saturday in Union City.

Nine New Castle men are making the trip. They are. County Farm Agent H. R. McCulloch, R. D. Walter, Max Ludwig, Fred Keist, J. P. Buchanan, Hugh Coblentz, Charles Bentfield, George Herb and R. W. Yauman.

Dr. and Mrs. F. F. Urey of Laurel boulevard, have returned from a two weeks trip on the great lakes on the S. S. Juniata. A stop over was made at Mackinac Island.

News To Register Old-Timers Present

News Registration Booth To Be Located At Dance Pavilion

Old-Timers who attend the Old-Timers picnic, Wednesday, at Cascade Park, are invited to register their name, age and address at the registration booth to be in charge of New Castle News reporters.

The News registration booth will be located at the dance pavilion.

It is the desire also to obtain as many names as possible of Old-Timers from distant points who attend the picnic. To avoid duplication, Old-Timers should not register twice.

The News registration booth will open before the grand march starts.

Steel Mills To Pause During Gary Funeral

For Five Minutes Wheels Will Stop Thursday Morning As Tribute To Leader

New Castle plants of the United States Steel corporation will stop the manufacture of tin plate and steel for five minutes on Thursday morning while the funeral services are being held in Weaton, Ill. for Judge Elbert H. Gary, who was the leader of the corporation from the time of its organization until his death yesterday.

David S. Pyle, manager of the Shenango Works and John A. Butler, manager of the New Castle Works of the American Sheet and Tin Plate company and Robert J. Tully of the Carnegie Steel company have received official word that the funeral services of Judge Gary will be held at the Gary Memorial church at Wheaton, Illinois, at 9:30 a. m. Central Standard time. This will be 11:30 New Castle Daylight Saving time.

Thus from 11:30 to 11:35 the wheels of industry in these three plants of the United Steel corporation will stop and a five-minute pause of silence will be observed here and all over the country in respect to the memory of the great financier and leader in industry.

which already have forced many from lowland homes following rains for over four days.

Lindsborg, Kan., is isolated from all highway and railroad communication. Bridgeport reported Smoky Hill river at near the 1903 level which was the greatest flood in Kansas history. Two hundred thousand acres of lowlands are reported inundated.

Dangers Lessens

TOPEKA, Kan., Aug. 16.—Weather bureau reports here today allayed fears of flood along the Kaw river, which is fed by high waters from Smoky Hill river and other streams.

Unless more rain falls within the next 48 hours, there is little danger of widespread flood damage in Eastern Kansas, according to the bureau.

Rains fell in Southwestern Kansas, last night, swelling streams which overflowed last spring.

tables, hidden in corners and parts of rifles strewed about the floor. Some of the revolvers look like three inch field pieces without the wheels, and in the kitchen were several small cannons set up. To a lover of old guns the collection would be a prize. Most of them were loaded, although whether they would shoot is something else again.

Mr. Lytle was persuaded to come into town where he wouldn't need guns for protection and spent the night looking at the iron grill work in the county jail. He's still there for that matter and probably will be until the September term of court.

Sounds Like An Arsenal

Here is a list of the weapons collected by Fleming and his men.

24 rifles, some of them going back to the old plainsmen days, and at least one of them made by a gunsmith in Capetown, South Africa.

2 shotguns.

13 revolvers, running from a small four barrel derringer, to a "hoss pistel" weighing perhaps 12 pounds. One of them must be worth a lot of money as a relic for it appears to be one of the first revolvers made.

4 bayonets.

3 swords.

1 cutlass.

I dirk nearly the size of a Filipino machete.

1 large box containing every molds, extractors, empty cartridge cases, molded bullets, percussion caps, powder horn and what not.

A lovely collection to be sure, but why he had them was not clearly explained to the officers. It would be a magnificent gesture on the part of Lytle if he would donate the entire collection to a historical society or to the Legion Home or some organization where they could be displayed, for it is doubtful if there is a collection like it in the state.

Will Provide Autos For Old Timers Day

The Rick-Overland company has donated the use of two automobiles all day Wednesday for the transportation of Old Timers to Cascade Park, where other means of transportation are not available. The service is being furnished gratis by the company and will afford many older people an opportunity of attending the event in comfort. This service may be secured where and when needed on Wednesday by calling Bell Phone 3572-J.

NINE PLANES IN START OF FLIGHT ACROSS PACIFIC

(Continued From Page One)

to be the reward. For the balance there was only the glory of achievemment—the setting of a new milestone in aerial progress.

For once the rail birds were at a loss to pick a winner. There was no form chart on which to base predictions. The pilots, the navigators and the lone passenger exuded confidence.

Mechanically their steeds of the air were ready. Each navigator had passed a grilling test to prove his fitness to guide by the sun, the moon and the stars the course of his plane for the tiny islands in mid-Pacific.

To the gods of the air they were prepared to commend their fates.

Expect To Make It In 22 Hours

On the basis of speed tests, the fliers expected to complete the race in 22 hours. But wind, rain, cloud and fog were factors to be met with which will finally determine the results of the race and probably the safety of the racers.

The planes were to follow the aerial trail blazed only last month by Lieuts. Maitland and Hegenberger, army fliers, and Ernie Smith and Erory H. Bronte, civilian airmen.

Strung across the Pacific a network of naval and commercial ships were ready to render assistance in case of disaster.

Humming steadily its message of safety, the army radio beacon was in readiness to guide the planes equipped with radio.

In Hawaii a welcome of tremendous proportions awaited the successful birdmen.

Some Eliminated

The prayers of scores of mothers, wives, sweethearts and children went with the racers of the air as their kin prepared for the grand adventure of the air.

Originally 15 entrants, six today had been scratched. Death, the grim reaper, removed two of the starters with a toll of three lives. Fate was kinder to a third, the plane was wrecked but its occupants escaped. Two failed to secure their planes in time and the sixth withdrew.

It was a picturesque flock of Dole birds that was ready for their attempt to annihilate time and space. Seven monoplanes and two biplanes faced the starters' barrier. A riot of color ranged from the beautiful golden wings of the San Francisco "Golden Eagle" to the red, white and blue combination of Auggy Pedlar which has been dubbed "The Little Red School House" because of its school teacher passenger.

"H—B—H" stood forth on one of the planes. "Hell Bent for Honolulu" its pilot interpreted, recalling the "Heaven, Hell or Honolulu slogan of Ernie Smith, who escaped disaster by a narrow margin on his memorable flight to Hawaii which ended in a Kiawe tree on the island of Molokai.

To win the race the contestants must land on the island of Oahu and unless forced down by lack of gasoline or conditions out of their control must end their flight at Wheeler Field, 20 miles out of Honolulu.

Add Destroyer

Washington, Aug. 16.— The Navy Department today ordered out another destroyer, the La Vallette, to take position 40 miles off San Francisco to aid the Hawaiian flyers.

This makes eight destroyers which will be spread out half way across the Pacific to assist fliers in event of trouble.

On the Hawaiian end, submarines will be available for emergency duty.

the Gary Home, at 1130 Fifth avenue, from all parts of the United States and Europe. Among them were messages from President Coolidge, Vice President Dawes, J. P. Morgan, Charles M. Schwab, and many others.

The great chain of industrial plants, mines and railways of the United States Steel Corporation, stretching all the way across the American continent, will be stilled temporarily during the funeral services Thursday.

Mrs. Gary is deeply affected by her husband's death. She refused to receive any visitors except relatives and her most intimate friends.

A wreath of orchids at the entrance to the Gary home was the only outward sign of death within. The shades were drawn and the great bronze doors to the entrance closed.

Judge Gary died of chronic myocarditis with chronic endocarditis, or inflammation of the membranous lining of the heart, as a contributing factor.

The end came so suddenly that there was no time to summon to his bedside his two daughters, Mrs. Robert W. Campbell, wife of the chairman of the trustees of Northwestern University, and Mrs. Gertrude Sutcliffe, of Chicago. Both daughters are in the Campbell home in Evanston and will meet the train bearing their father's body. They will accompany Mrs. Gary on to Wheaton. Mrs. Campbell has two children, the only grandchildren Judge Gary had. Mrs. Sutcliffe is a widow.

JACK DEMPSEY TO TRAIN IN PRIVACY

(International News Service)

CHICAGO, Aug. 16.—Fight fans are to be denied a glimpse of Jack Dempsey when he trains for his heavyweight championship bout next month with Gene Tunney, it was announced today. The former champ has leased Lincoln Fields Racing track at Crete, Ill., for training quarters.

Sport writers will not be excluded from Dempsey's training bouts, it was decided at the last minute.

Mining Companies Lease Properties

(International News Service)

ST. CLAIRSVILLE, Ohio, Aug. 16.—The mine wage dispute in Belmont county took a new turn today when two mining companies posted notices that they had leased the properties of the Webb mine and Cambria collieries.

The posted notices also warned miners that they cannot enter or remain on the property unless they sign a non-union wage contract. Similar action was taken at the Y. and O. mine.

Mine union leaders characterized the move as a subterfuge to evict union miners from company houses without due process of law. Nearly 1000 miners and their families are said to occupy houses at the mines where the order was posted.

Young Man Found Slain On Highway

(International News Service)

STROUDSBURG, Pa., Aug. 16. — The body of a well-dressed young man, believed to be Frank L. Lisiski, of Patterson or Hoboken, N. J., was found on the highway near the Portland-Columbia bridge about ten miles east of here today. The man had been shot once through the head and neck and twice in the body. Although indentification has not been definitely completed, papers in the man's pockets indicated he was Lisisko, police said.

State police expressed the belief the man was an occupant of an automobile fired upon by Patrolman John Hicklen of Stroudsburg, during a running gunfight early today.

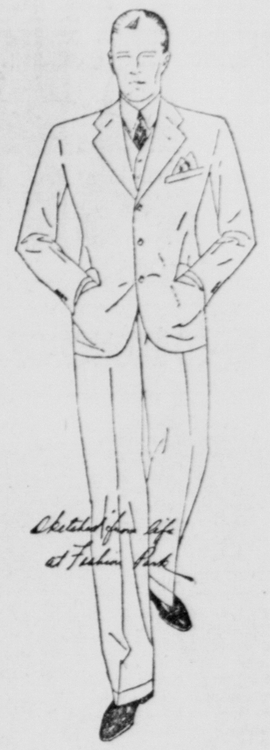

The position of the body indicated it had been hurled from a machine.

SHAFFER-SCHUBERT WEDDING AT NOON

Marriage of Roy V. Shaffer, son of Mrs. Susan Shaffer of Winslow avenue, and Miss Eva Schubert, daughter of Mrs. Mary J. Schubert of the Hamilton apartments, was an event of high noon today at the home of the bride.

The ceremony was witnessed by immediate relatives and friends of the bride and groom. They were attended by Mrs. George B. Morgan and Max A. Schubert and the ceremony was performed by Rev. George B. Morgan, pastor of the Christian and Missionary Alliance church of Corry, Pa. The ring ceremony was used.

The bride was becomingly attired in grey Russian crepe with accessories to match and carried an arm bouquet of asters and Sweetheart roses. The bride graduated from the Oil City high school in the class of 1924 and has been with the Donnan Printing company for some time past, while the groom is a graduate of the New Castle high school in the class of 1916 and has been employed at the Home Trust company for the past few years. Both are well and favorably known. Following the wedding ceremony an elaborate wedding dinner was served at the home of Mr. and Mrs. M. C. Leonard in the Hamilton apartment, a wedding cake being used as a centerpiece. Pink and white decorations were used in an attractive manner. After the dinner Mr. and Mrs. Shaffer left for a two weeks motor trip through New York state and Canada. The bride was attired in a dark sport suit in leaving on the wedding trip. The out of town guests at the wedding and dinner were Mr. and Mrs. Max A. Schubert of Butler, Pa., and Rev. and Mrs. George B. Morgan of Corry.

WEDDING OF INTEREST AT STATE COLLEGE

Of interest to local students of Penn State college, at State College, Pa., is the announcement of the wedding of Dr. O. F. Boucke, and Miss Ruth Young. The ceremony took place in Tunkhannock July 22, and comes as a surprise to their many friends.

The bride is a daughter of Mrs. Henry Young of Tunkhannock, and until recently was one of the proprietors of the Fenway Tea Room.

Dr. Boucke has been an instructor at Penn State since 1908, first being German instructor, later transferred to history and is now head of the department of economics and sociology and one of the most popular faculty members. He has been granted a leave of absence for the first semester of the coming academic year.

CLUB MEMBERS HAVE ENJOYABLE DINNER

Busy Nine club members enjoyed a lawn party at the home of Miss Mary Fleming, of the Harlansburg road, Monday evening. A delicious ham dinner was served at 7:30, and the table was decorated with red and white color tones.

Games and radio music were pleasures of the evening, and Miss Pearl Colnot was presented with a handkerchief shower in honor of her birthday anniversary.

Special guests were Miss Florence Wright and Miss Gertrude Wolfe.

Plans were made for a weiner roast in two weeks at the home of Mrs. Norman Patterson of East Brook.

Class Reunion

Members of the Ucalite Bible class organized in 1910 had their annual reunion at the lovely home of Mrs. A. J. Campbell, Englewood avenue, Friday afternoon. The class was organized at the home of Mrs. J. C. Fleming, Wallace avenue, who has since moved to California, and who was a special guest of the day. Mrs. C. W. Foulke was elected as teacher and still holds the same position.

The afternoon was delightfully spent with music, readings and chat. An elaborate dinner was served in the evening.

Piano Recital

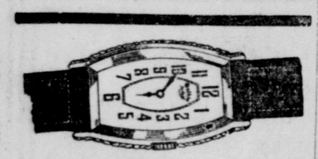

Piano students of Miss Villa Hopper of Mount Jackson, were presented in recital at the home of Mrs. Leroy Whiting of the Youngstown road, Saturday afternoon. Thirty four pupils took part in the program.

Games were later enjoyed on the lawn, after which a picnic dinner was served with covers arranged for 61. Gladiolii and other garden flowers were used in the decorations.

ELBERT H. GARY

NO DEATH of an industrial leader in the United States in many years has occasioned such universal mourning, as that announced yesterday, when Judge Elbert H. Gary, organizer and head of the United States Steel Corporation for many years, passed away, at the age of 80 years.

The United States Steel Corporation, the greatest and most successful industrial organization in the world, was a development, largely of the idea and plan of Judge Gary. Conceived at a time when there was widespread opposition to such a gigantic merger of the steel plants of the country, it was launched amid much opposition and dire predictions.

The years have proven however that Judge Gary's wise plan of operation, and his gigantic industrial program were probably one of the largest contributions to stabilized operation of industry, and steady national prosperity that could have been devised.

Not only that, but the dealings with the thousands of employes of the great corporation were such that today the great United States Steel Corporation family, is one of the bulwarks of the nation.

There is every indication that there will be little change in the direction of the steel corporation in years to come. The plans and ideas of Mr. Gary have been so deeply rooted in the successful operation of the great corporation that those who have been associated with Mr. Gary in later years will carry on along the same general lines that have made the steel corporation such a success under the guiding hand of the genius who has just passed away.

No one can really take the place of Mr. Gary in the steel corporation, but his works will follow him, so well has he builded in this great industrial organization—the dream of his lifetime.

Truly, the nation will mourn the death of Judge Elbert H. Gary.

SUGGESTION TO SOME CANDIDATES

AT THE present time there are six men and women running for the Republican nomination for county treasurer, one for the Democratic nomination and about twenty-two men running for either the Republican or Democratic nomination for county commissioner.

All of them have ability and undoubtedly all of them feel that they are fully qualified to handle the off ice they seek. But thus far none of them have really said anything in the way of pre-election promises, save the customary promises of honesty, fidelity and a square deal for all.

Some candidates for either office can well afford to take cognizance of a condition in the payment of county taxes here which has long been talked of, but like Mark Twain's quotation concerning the weather "nobody ever does anything about it."

The condition is this. Each year a taxpayer must go to the county treasurer's office to ascertain how much he owes. Unlike in the city he gets no card of notification of county taxes.

In some counties of Pennsylvania the county treasurer sends out notification cards and keeps the office open on Saturday afternoon during the rush season. Lawrence county could well afford to do this and thus make it more convenient for the taxpayers.

This editorial is in no wise a criticism of the present officials. They have been following a course laid down for many years, and both the present county treasurer and the county commissioners agree that the change should be made.

Here's a suggestion to any or all of the candidates for the offices mentioned. It is not copyrighted and if the winner takes over the suggestion he can take 100 per cent credit for it.

Say to the people that if you are elected that you will arrange to notify the taxpayers by card, and that the county treasurer's office will be kept open hours that are convenient for the mill men of the city and county.

Such an arrangement would have to be a joint one between the county treasurer and the county commissioners at least insofar as the sending out of tax cards is concerned. The latter suggestion belongs to the county treasurer alone.

There would seem to be no reason why cards could not be sent out, and, if the office were kept open a few evenings and Saturday afternoons there might be less delinquency in the payment of county taxes.

Money isn't everything, but it is very useful in paying bills.

It is said that 90 per cent of the pianos in the United States are out of tune. We thought more of them were in that shape.

A few days ago we stood in Canada below the great Niagara Falls. An Irish policeman was chinning to us and he asked "Why is the water in there green?" pointing to below the falls. After telling him we did not know, he said, "Because it has just came over."

A Chicago lady, evidently one of advanced thought along certain lines, declares that it is a crime to be homely today, old age is a major crime and that fountain of youth gushes from the dressing tables of the beauty parlors all over this fair land. It is wonderful what can be done with some faces.

New Castle's new hotel will be a grand success. At the very start it will have 800 enthusiastic stockholders as boosters. Eight hundred boosters for one cause can accomplish anything.

The candidate for public office who by some hook or crook can get into a pulpit to spill his stuff seems to have the edge on other candidates for some reason or other. Getting into a pulpit, however, is a hard job and few can make it during a campaign. This stunt has always been considered the best thing a candidate could pull off.

We never could see any reason for a bull getting roaring mad and bellowing so his roars could be heard for miles. One time away back in our youth we got a ram along our left side by the horns of a bull that was acting playful and ever since we could see nothing good in a bull. An inch further and there would have been no Hints and Dints column—at least by us.

We got our first real look at Canada last week. We got as far as Toronto. We saw a lot of amusing things. Among them were the beer and ale signs along the road. We heard a couple of chaps talking about the booze. One was an American and the other a Canadian. The American was asking how to get some of the "real stuff". He was told that he would have to pay $2.50 for a permit to buy that kind. The American refused to pay the price, saying one did not have to have a permit in the United States. Canada is a wonderful place, however. We saw Niagara Falls lit up at night and it was some sight. Ohio automobile licenses seemed to be as plentiful as they are in New Castle. Making of automobile licenses must be a great industry in Ohio.

There is a great over-supply of bookkeepers and stenographers in this country at present who do not have experience in their line of work. Naturally they are out of jobs. The white shirt jobs are not plentiful enough to go around and sooner or later some will have to be satisfied with other kinds of work.

President Coolidge is supposed to be on a vacation and taking a rest. He has had about as much rest as a washer woman with eight small kids and about as much privacy as a gold fish.

It has been suggested that a public parking place be established in New Castle and that a charge of about ten cents be made to cover the cost. There are a lot of ginks who never would pay a cent to park a car. This plan might work if no parking would be allowed on any city streets. Some simply will not pay for parking and that's all there is to it.

Henry Ford and his son have been making flying machines for some time but theiy waited until Col. Lindbergh visited Detroit before they went up in an airship. The colonel gave them their first ride. We hope they will both keep on riding in their own planes as long as they make them and put them on the market. Personally we would not go up with Col. Lindbergh. THE UPSTAGE PEOPLE

There are people who are both sad and funny. They are the "upstage people"—the ones who take themselves so seriously they are never quite natural. It is said that the Greatest Man who ever lived was so powerful he could feed five thousand people from a few baskets of food. And this man was not too proud to ask a lowly peasant woman for a drink of water at a roadside well.

INTELLIGENCE TESTS

Children cannot be grouped and classified according to age. Some are smart and some are dull. Others are worse than that. Intelligence tests, little believed in by old-fashioned people, are used to try them out. Grown-ups might find some of the questions hard. For example, in the Binet test, a question for 12-year-olds is this: Explain the meaning of pity, revenge, charity, envy, justice. And 16-year-olds are asked: Distinguish between laziness and idleness; evolution and revolution; poverty and misery; character and reputation.

Try yourself out on these.

Dr. Crane's Editorial

RESPECTING THE PRESIDENT.

Mr. Coolidge is the deliberate choice of the majority of our voters for president. He is the man chosen by the majority of us to represent before the world.

As such he is entitled to a decent respect.

There have been a number of writers who are disgusting well-ordered minds by their frantic efforts to bring him into disrepute.

Of course, a man who is the choice of one political party must expect to be criticized by members of the other party. For his official acts the president has no right to immunity from criticism.

But efforts to belittle him and disgrace him upon personal grounds and for reasons that have nothing to do with his political moves are reprehensible.

There has been much talk to the effect that he is a smallminded and empty-headed person. His reticence is set down as due to the fact that he has nothing to say.

But refusal to talk much and the ability to keep one's mouth shut has long been recognized as a virtue whether of strong people or weak.

We do not elect a president to make speeches. That matter is attended to by our senators and legislature. We elect him to make decisions and quietly to carry out the will of the people.

As far as is known, most of his official acts have been commendable. While there was much criticism of his interference in Nicaragua and of his actions in the Japanese embroglio, those affairs seem to have turned out without loss of credit to this country.

His attitude upon the prohibition question has been simply that of a man whose business it is to enforce the established laws of the nation. He has been neither the militant dry nor the militant wet, but as far as can be seen, has closely tried to enforce the law which the nation has passed.

Fortunately his domestic relations have been such as to cause him no trouble or raise any criticism.

The country can well afford to be satisfied with a man who talks too little rather than with a man who talks too much.

Just how desperate are the efforts of his critics to find some ridiculous fault with him is illustrated in the attempt to create indignation and contempt by the use of one kind of bait in fishing instead of another.

Why we cannot let our president go fishing as he pleases and let him alone while he is taking a well-earned vacation it is hard to know.

Reserving the right to criticise him for his public acts, we insist that so long as he is president of this country he is entitled to the respect and honor of its citizens.

The World AND THE *Mud Puddles*

THEY GO AND RETURN.

It is probable that the majority of the people of America who do take summer vacations, now take them in an automobile: It does not make any difference what kind of an automobile is used, that is the way the families go. I have just returned from a two thousand mile tour of California, as far North as Lake Tahoe, and I have seen vacationists touring in cars ranging from a rattling Lizzie to a Rolls Royce. It has been said that the Ford is the best six passenger car in the world, and that a Rolls Royce is the best two passenger car. I believe it.

When I was in the Yosemite Valley, three Boy Scouts limped painfully into Camp Curry in a rather battered Ford. They told me they had left Oakland several days before with four reasonably good tires. No spares. On one of the steep and long mountain grades, they had a blow out. They could not repair the tire and with one of them steering, and the other two pushing, they managed to go several miles further on, to a ranch house where they purchased and old tire for $2.50. A mile or so further this tire was punctured. They mended it, and within another mile they had another blow out which could not be mended. They were unable to find anyone with another Ford tire. In five hours they travelled seven miles over the top of the grade. From then on, they worried along, walking and riding, until they reached the camp. On the running boards of the automobile, over the hood and tied on to the rear of the machine were their tents and baggage.

"This is a community car," said one of the boys, "and we have to return it to the Community. If we owned the car, we would have pushed it off the mountain and walked in."

The Boy Scouts of California were having a meeting in the Yosemite Valley that week. These three boys pitched their tents and enjoyed the last few days in the encampment, got their Ford fixed up partly with money they incidentally earned in the camp and I have no doubt returned the car to the Boy Scout Community in Oakland.

CHOICE

I'll play the friend and let fame choose another.
I'll take the jest and let the silver go.
I'll try to be as brave as any brother,
But I'll not drown in fortunes undertow.

I'll do my best when I am called to labor,
But still I'll take life's pleasures when I may.
I'll try to find my greatness, as a neighbor
And let who will tread glory's rugged way.

I was not born with strength to rule a city.
I'd rather walk with men than pass them by.
I'd rather show some signs of love and pity
Than come to fame no matter who may sigh.

My choice is not for greatness save in spirit.
I would succeed in more than selfish ends,
Would read aright the message of true merit
And have my worth discovered by my friends.

KELLYGRAMS

By FRED C. KELLY.

HOW ENVIRONMENT AFFECTS US

Many of us who are given to self-congratulation, because of an unmarred record of integrity, might as well quit patting ourselves on the back and recognize that we are out of jail only by the grace of God—because of our good fortune in not having had too many obstacles to get around or over in the days of childhood.

And this is probably no more true of honesty and criminality than it is of success and mediocrity in business, or in the whole game of life. Every year scientific students of human beings attribute a little more influence to early environment.

Psychologists even point out that there is usually a noteworthy difference between a first child and a second one; and almost as much difference between the second child and a third one. If this is true, your future is influenced somewhat by your order to your family.

The first child is the one most likely to be practiced on—because it is a novelty. It may be spoiled, in the sense of being made selfish, determined to rule the younger children. It must be admitted that this habit of ruling in childhood often makes for leadership. Most presidents of the United States have been eldest sons. The third or fourth child, on the other hand, may be more or less neglected. Depending on the extent of this neglect, the child may become either particularly capable of taking care of itself, or hampered by a feeling of being misunderstood and trod upon.

I once attended an annual dinner given by an association of about 40 men who have done time in prison—many for burglary—but now reformed and leading useful lives. When the time for after-dinner speeches came, members of the organization, one after another, told how they got their wrong start. Practically every one had gone wrong in early boyhood—due to unfavorable environment.

Many of these boys, who grew up to be criminals and later turned honest, must have had fairly strong characters, else they would not have been able to reform and begin life anew. Hence, a few of them would doubtless have gone along straight enough if they had been reared in an atmosphere of comfort and refinement. Others, because of innate weaknesses, might have become chorus men or even society leaders.

We who had good parents and good homes, shouldn't feel too cocky over being out of jail!

Many Big Features Scheduled For Season At Local Cathedral

Fall and winter season at the Scottish Rite Cathedral will soon get under way, the first attraction being Al Field's Minstrels, who will appear late this month.

Although the complete season has not yet been booked, it is announced that several of the leading New York attractions have been engaged, including "The Constant Wife." This, with the exception of Ethel Barrymore, who played the leading role in the New York production early this year, will come to New Castle with the original cast, including Lou Tellegen, Mrs. Richard Mansfield, Charlotte Walker and Norman Hackett. "The Constant Wife" is scheduled for production early in the fall.

Continuing the practice inaugurated last year, the Cathedral will also show some of the best of the motion pictures which are being offered to the public, and one of the feature attractions which has been booked is "Old Ironsides," featuring Wallace Beery.

The State Sabbath School convention will be held in the Cathedral on October 12, 13 and 14, while the Scottish Rite Reunion will take place October 17 to 20, inclusive.

Three musical features for the fall season will be the latest "Ziegfield Follies, "Queen High," and "Peggy Ann."

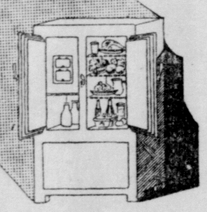

More serious dramatic offerings will be made later in the season. One of the first of these is Shakespearean, "King Lear," and it will be presented about Thanksgiving time.

But the climax of the early season will come when the Metropolitan Opera company, with a cast including 110 persons, present "The King's Henchmen," a native American opera, which was written by Edna St. Vincent Millay and Deems Taylor.

This, in its first season at the Metropolitan Opera House early this year, took the New York critics by storm, and the European critics who made a special trip to America to witness its premiere, claim that it is by far the best thing, artistically, which has as yet come out of the United States. With the Metropolitan Opera Company there will be an orchestra of fifty pieces, and also a special chorus of more than fifty voices.

Cathedral authorities are still undecided as to whether they will continue to hold dances this fall and winter.

Cosgrave Regime In Ireland Doomed, Indications Today

Poll Vote Taken Prior To Meeting Of Dail Eireann Displays No Confidence

(International News Service)

LONDON, Aug. 16.—Defeat of the Irish Free State government of President William T. Cosgrave in the Dail Eireann today on a no-confidence motion appeared inevitable shortly before the Dail was scheduled to be called to order at three o'clock, according to a message from Dublin to the Evening Standard.

This assumption was based on a decision taken today by the National League deputies, headed by William Redmond to vote against the government. The National League's seven votes, allied with the coalition opposition of the Fianna Fail, led by Eamon De Valera and the labor party, headed by Thomas Johnson, would give the opposition an advantage of two votes over the government.

German Aviators To Try Again For Ocean Crossing

Disappointed At Failure First Time, Fliers Assured Of Second Attempt.

DID PROPER THING BY TURNING BACK

(International News Service)

DESSAU, Germany, Aug. 16.—The German aviators, Johann Risticz, Cornelius Edzard, Friedrich Loose and Herman Koehl, who were forced to turn back after starting on a non-stop flight to New York, were assured today by officials of the Junkers works that they would receive another opportunity to attempt a trans-Atlantic flight.

Disappointment over the failure of the planes Europa and Bremen is giving away to determination that the next effort must be a success.

The Bremen, which landed yesterday afternoon at 4:20 o'clock after spending 22 hours in the air battling headwinds, rain and fog, was overhauled today and found to be in good condition.

Professor Junkers, head of the Junkers works, who arrived at the Dessau flying field soon after the Bremen landed, congratulated the flyers upon their courage in turning back.

"You did the proper thing," said Professor Junkers, "for it would have been useless to attempt to go on under the circumstances."

Loose and Koehl were asked if they would make another attempt at a trans-Atlantic flight. Both replied in unison:

"Surest thing you know."

CHILDREN OF HENRY HOME TO HAVE OUTING

Many matters of importance were acted upon at the regular meeting of Corporal Harry L. McBride Post No. 522, Veterans of Foreign wars, held last night at the Post headquarters, 329 Neshannock avenue. A number of the matters of business acted upon are of interest to the general public.

After the regular order of business, the post decided to take the children of the Margaret Henry home to Lakewood beach, Wednesday afternoon and evening, where they will enjoy the full privileges of the resort. Mr. Rung, owner of the place, is cooperating with the post in every way and the children are assured of a pleasant time. Transportation will be furnished through the courtesy of the P. & O. Electric company. In the evening, a picnic dinner will be served by the veterans. All members and their families are invited to spend the evening at the beach in conjunction with the children.

CELEBRATION IN PROGRESS

Large Crowd Attends Fete On South Jefferson Street Monday.

To a stranger in the city, South Jefferson street must have looked like a vest pocket edition of the New Orleans Mardi Gras on Monday night when the first day of the St. Rocco and Blessed Virgin Mary celebration came to an end.

Strings of gaily colored lights, a band blaring, hawkers crying their wares, lads and lassies pushing and jostling their way through a good natured crowd, and over it all a holiday spirit that brought everybody a good time. The evening finished with a display of fireworks.

Today is the second day of the celebration and a band paraded the downtown streets serenading. The program for tonight is similar to that of last night according to Andrew Angelo, general chairman of the affair, and Leonard Salerno another committee chairman.

One of the pleasing features of last night's celebration was the lack of disorder or rowdiness and the freedom from any appearance of drunkeness.

LAWRENCE COUNTY FARMER WINS RECOGNITION IN STATE

STATE COLLEGE, Pa., Aug. 16.—To John E. Houck, a Lawrence county farmer living near Edinburg, goes the honor of prying the lid off the 1927 Keystone Ton Litter club.

Word was received here today by the Pennsylvania State College animal husbandry extension officials that 10 Hampshires grown by Houck weighed 2390 pounds, reaching the ton goal with 390 pounds to spare.

With nearly 350 litters nominated in 50 counties, prospects are bright that the national supremacy in ton litter circles will come to Pennsylvania this year. Last year Keystone swine growers developed 114 ton litters, which put the state record second only to Tennessee which had 121 of the heavy porker families. In 1925 Pennsylvania tied Illinois for first honors with 121 ton groups.

Interest this year is centered on several unique experiments being tried by swine growers in their efforts to grow a ton of pork in 180 days with a single litter. A. A. Feighner of Carrolltown is attempting to produce a ton with a litter of six pigs. This feat has never been accomplished in the state or country. C. D. Werkheiser, Easton, has a group of nine purebred Hampshire orphans which spent the first few weeks of their life getting their enrollment from a wooden "mamma," a frame in which nursing bottles containing milk were placed. They are flourishing nicely.

J. A. Burr, Leesport, is still more ambitious than others who have nominated litters for the honorary organization. He is feeding 18 pigs with two tons of pork as the goal. They are the survivors of a litter of 23.

DAYTON FLIER TO BE READY SOON FOR LONG TRIP

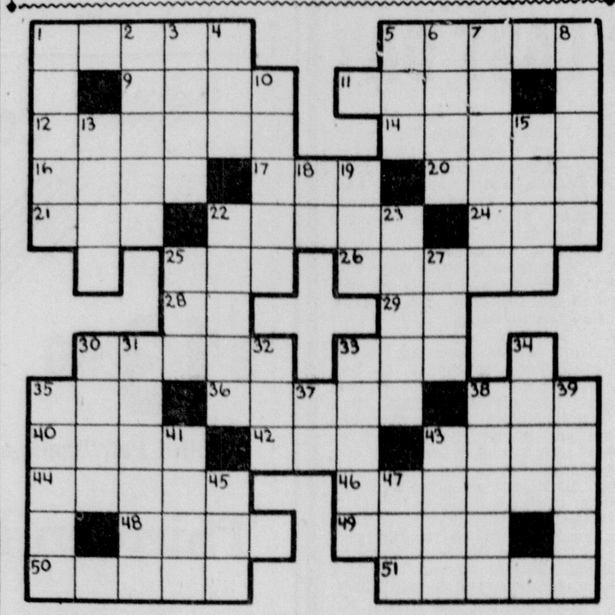

(International News Service)

DALLAS, Texas, Aug. 16.—W. H. Fine of Dayton, O., Monday wired Colonel William E. Easterwood, Jr., that he will leave Chicago, August 27 for San Diego, where his Ryan monoplane should be ready September 1, and that he hoped to be in Dallas, September 15 to start his Dallas to Hong Kong flight. Fine asks for permission to name his airplane "City of Dallas."

Colonel Easterwood is the donor of the $25,000 prize for the Dallas to Hong Kong via San Francisco, Honolulu and Tokio, flight.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

SETTLED FOR THE SHOWER

"Pooh! Who's afraid of getting wet! I don't mind being caught in the rain, Tree Toad, and I am sure your big cousin doesn't." Peter jumped to his feet and stared up at the sky. "Besides' over our heads the sky is blue—only away off are there a few little clouds. Even if we should want to get under shelter before the downpour comes we'd have lots of time, wouldn't we, old friend?"

Peter turned to speak to Hop Toad, but no Hop Toad was there. The boy whirled about to where the little rain prophet had been but a moment before, but tree Toad, too had vanished.

"Why — what—where?" stammered the boy and stopped. After all, thought he, there was not much sense in talking to oneself, and if those Toads wanted to leave him so rudely as all that, without so much as a word of farewell, why, they could go and do it for all he cared. He would never trouble them again. Then, just as he was beginning to feel very cross indeed he caught sight of a dark something bobbing beneath the lilac bush. It looked like—it certainly was old Hop Toad himself—What was he doing and why had the sly fellow hopped over there!

At that second Hop Toad turned, looked up and saw Peter. He beckoned to him.

"Come on over, Boy," called Hop Toad. "There is nothing like being prepared for whatever happens, and here I am all comfortably settled for the shower." At these words down dropped Hop Toad and little but his

"IT KEEPS MY BODY SO COOL AND DAMP."

head and his bright eyes showed above the ground.

Perhaps Hop Toad didn't mean to be impolite, after all," remarked the Boy aloud to nobody in particular. "He acts now as though he wanted to see me, and I must find out how he ever managed to tuck his feet under him and lie so close to the ground as all that?"

"Of course, Cousin Hop Toad didn't mean to be impolite—'tis only his way to hop off like that when he has a bright idea. Tuck his legs in under him. L-l-l-rp! That's funny! You had better run along and see for yourself just what he is doing. It is going to rain! It is going to rain!" Tree Toad hadn't run away, either. From somewhere in the Plum Tree he broke into shrill piping.

Peter hurried to take his advice. And when he had reached Hop Toad's side he gave a cry of astonishment.

"Why, you are sitting in a hollow! Did you dig it yourself, Hoppy?"

Hop Toad grinned.

"I should say so," returned he. "And nearly wore out my fingers—this early spring ground is so hard! But once I have made my seat it is worth all the trouble. It keeps the body so cool and damp, and when the rain arrives it will hold the drops as they fall. Then I, seated in the pool, will soak up all the moisture my body will hold. How happy I shall be! Soaked through, I shall not care whether it rains again for some time."

Sacco-Vanzetti Juror's Home Is Wrecked By Bomb

Home Of Lewis McHardy Damaged By Explosion Early This Morning

NONE IN FAMILY SERIOUSLY HURT

Police Comb Nearby Towns For Bombers, Five Asleep In Home.

(International News Service)

BOSTON, Aug. 16.—The East Milton home of Lewis McHardy, one of the jurors who found Nicola Sacco and Bartolomeo Vanzetti guilty of the Braintree payroll murder in 1920, was wrecked early today by a powerful bomb. Five members of the McHardy family were, thrown from their beds and were shaken up badly, but aside from a cut on the head sustained by Mrs. McHardy, none were injured.

Immediately afterward it was reported that a small building facing Harvard Square in Cambridge had been blown up by a bomb and that four youths had been arrested, but this proved to be a hoax.

Search for Bombers

The police are combing all nearby towns for the East Milton bombers, but no arrests have been made.

The explosion took place just a few hours before the Massachusetts supreme judicial court assembled to hear final arguments from Sacco and Vanzetti's counsel, who are fighting for a new trial. As a result of the bomb outrage additional guards have been placed about the courthouse, the state house and the state prison where the two self-admitted anarchists are held.

The McHardy family lived in No. 463 Pleasant street in a two and one-half story frame dwelling. The bomb which had evidently been planted under a corner of the veranda, tore out the front part of the building, wrecked the veranda, demolished part of the north side, broke down all the doors and smashed all the windows. The detonation was heard for about a mile and the concussion rocked the ground like an earthquake.

In the house asleep at the time, were Mr. and Mrs. McHardy and their three children, Theodore, aged 23; John, aged 28, and Helen, aged 32.

Find Part of Bomb

Police found a deep hole under the ruins of the porch which was filled with gas that was escaping from a broken main. In the bottom of the hole they discovered a part of a box bound with wire and broken mechanism that looked as though it once was part of a clock. This led to the supposition that the explosion had been caused by a time bomb.

Received Death Threats

McHardy told police that he had received a number of death threats. In addition to being a juror in the Sacco-Vanzetti murder case, he was a witness at the governor's personal investigation of the trial and had expressed the opinion to the state executive that the jurors gave a fair and unbiased verdict, and that all sincerely believed Sacco and Vanzetti were guilty of the killing of the Braintree paymaster and his guard.

Tells of Blast

The explosion took place soon after four o'clock.

Theodore McHardy, in describing his experience, said:

"I was asleep when the house was shaken suddenly as though by an earthquake. I found myself lying on the floor. I thought at first I had fallen out of bed. Being still half asleep I did not try to account for the shaking of the building. Then the floor began to shake. There was a dull rumble. The noise sounded to me like the roar of an airplane motor.

"Then the door fell in and the glass in the windows was shattered. This was followed by the roof opening up and I could see the sky through the hole. I thought sure there had been an earthquake.

Helped Brother Out

"My brother John was in the room next to mine. I hurried to his room and found everything filled with wreckage. I helped my brother through the debris. Together we went to aid our father and mother. First we helped out mother and then Helen. Mother was cut badly about the head and the blood was streaming down over her face. We went to father's aid and found him all right.

Mr. and Mrs. McHardy and their daughter were taken to the home of a neighbor. Police and firemen were rushed to the scene, the police being armed with riot guns and a machine gun.

The nearby home of Patrick Doyle was shaken badly by the blast. Part of the ceiling fell down and three members of the Doyle family were hurled from their beds. Three-year-old Sally Doyle was injured slightly.

All the neighborhood was aroused by the noise and excitement and hundreds of persons rushed to the scene of the blast.

Fine Reward

BOSTON, Aug. 16.—"This is a fine reward for a citizen who has tried to do his duty," said Lewis McHardy as he gazed at the ruins of his home today.

"Three days ago our pet dog was killed. We thought it was an accident, but now I think it was a deliberate act to get the watch dog out of the way.

"We had received a threatening letter but paid no attention to it.

"Not long ago we received a letter from a prominent society woman who has been active in the Sacco-Vanzetti defense. She wanted money for a book the defense is publishing.

"It's a wonder we were not all killed today."

Mrs. McHardy was heartbroken as she sat in the home of a neighbor with a bandage about her head. "We have worked for our home all our lives," she said. "Now it's ruined. Why should innocent persons have to suffer so? My husband only did his duty by his state and country by serving on that jury."

MOVE QUARTERS OF RED CROSS

Headquarters Of Officers Now Located On Second Floor, Temple Building

The headquarters of the Lawrence county chapter of the American Red Cross which have been located on the third floor of the Temple building on North street are now located on the second floor of the building in room 201.

Miss Jessie Wilson, secretary of the Lawrence county chapter of the American Red Cross, has resumed her work after a two weeks vacation.

Builder's Supply Companies Will Picnic Thursday

Those who desire any material in the way of supplies for building, etc., will need to plan to obtain a supply on Wednesday or early Thursday, as it will be impossible to find any of the local dealers in builders supplies anywhere on Thursday afternoon, August 18, except at Lakewood Beach, it is indicated.

For that is the day of the big builders supply picnic, and many will gather at Lakewood on Thursday with representatives from neighboring cities and towns.

The committee has planned for a big day including boating, bathing and games with big prize bags for the children. Free tables, plates, napkins, coffee, cream, sugar, pop, ice cream and lemonade will be furnished by the committee.

The road from Croton out to the beach will be marked with signs to aid local motorists as well as those from other points in easily finding the way to Lakewood.

When Harvard university opens this fall its athletic facilities will be increased by 20 tennis courts and three new football fields.

Whaley Candidate For City Council

Third Ward Man Announces Entry Into Primary Race In September

ROBERT H. WHALEY

Robert H. Whaley of the third ward, one of the city's best known residents, today announced his candidacy for the office of city councilman subject to the Republican primaries of September 20, 1927. During a former period of incumbency as a city councilman ten years ago under the commission form of government, which now prevails in this city, Mr. Whaley was in charge of the department of streets for a period of two years and made an enviable record in that difficult position. He was born in the third ward and is still a resident of that section of the city, having spent his entire life in this city. He is a property owner and taxpayer and is as vitally interested in taxation and the affairs of government of the city as any other resident of the city.

In speaking of his candidacy today Mr. Whaley said: "The voters of this city entrusted me on a former occasion with a share in the management of their affairs and I believe that they have no cause to regret the trust and confidence they placed in me on that occasion. If it is the will of the voters that I again be placed in the position of councilman I will endeavor to live up to my past record while in office, and better, whenever and wherever possible. It is not my intention to make any promises at this time relative to what I might or might not do if nominated and elected to the position of council, but would state that in case of my selection for the position of councilman that I will at all times endeavor to meet the situations that arise with fairness, to the best of my judgment and solve them in the manner that will benefit the greatest number of people. I would like it definitely understood that if nominated and elected I will be the representative of no particular section of the city or group of people, but will endeavor to represent every part of the city and its people, without fear or favor. On this basis I would ask the support and votes of the people of this city."

ARMY OFFICER AND WIFE INJURED AS CAR SKIDS ON ROAD

(International News Service)

WASHINGTON, Aug. 16.—Major General Eli Helmick, inspector general of the army, and his wife were patients in Walter Reed hospital today following an automobile accident in which they were injured. General Helmick has a fractured rib and severe cuts and Mrs. Helmick suffered serious head injuries.

The general and his wife were motoring to Atlanta. Near Woodbridge, Va., Mrs. Helmick, who was driving, attempted to pass a heavy truck and skidded off the road. The car overturned, throwing the general clear and pinning Mrs. Helmick under the steering wheel. Both are expected to recover.

No Need To Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply Moone's Emerald Oil night and morning.

Ask McKee's Kut Rate, Eckerd's of New Castle, Inc. or any first-class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if one bottle Emerald Oil does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Moone's Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Heat Every Room Uniformly with Less Fuel

Hundreds of home owners are struggling along with unsatisfactory heating furnaces, wasting from $10.00 to $50.00 of coal each year, getting gas, smoke and ashes up into the rooms. This is not only dangerous and unhealthful, but also ruins walls and furnishings. In cold weather only parts of the house are warm or the floors are cold.

Holland Furnaces are clean, don't leak gas or smoke and will burn soft coal, hard coal, oil or coke. Use any kind of fuel.

Holland Furnaces have Air Vaporizers and Ash Moisteners so that the air you breathe is healthful and invigorating and you have no dust when you remove the ashes.

When you decide on a new furnace, consider quality before price. You can't afford to take a chance on the ordinary furnace. A furnace must be large enough and the heating system installed properly by an experienced heating service man.

Without obligation, anytime, day or night, we will send one of our Trained Heating men to call at your convenience. He will refer you to thousands of users, many in your neighborhood.

RUSHING WORK ON CASTLETON

More Than Hundred Men Now Employed At Big Hotel.

TO BE COMPLETED IN EARLY OCTOBER

Over 100 men are being employed as "The Castleton" is being rapidly pushed to completion for the early opening in October.

Ornamental plaster work on the main dining room will be finished early this week. The style is to be early colonial, with Greek columns, surmounted by Ionic capitals.

Lobby corridors have in them a vaulted paneled ceiling with ornamental groin work. In the main lobby the ceiling will be beamed, while off the main corridors, the lounge and the ball room will have vaulted ceilings.

The decorations for the ball room will be quite elaborate when they are finished. Aside from the beamed ceiling there will be a skylight, with a special diffusing glass. This room will be practically the same as the main dining room, except that there are to be no columns in the ball room thus making better dancing space and also more table room.

Many Visitors.

Many visitors each day make it hard for the contractors to work and so the representative of the H. J. Conrath company of Erie, who hold the general contract, requests that persons who are not actually employed on the construction of the building keep out that the work may be speeded up and the hostelry opened on the date which has been set.

On the second and third floors all work has been practically completed with the exception of the painting, and now painters are working on it. It is expected that all upstairs floors will be completed by the end of this week.

Paper hangers will start to hang the paper toward the end of this week. Door and window frames are being painted a French gray and the ceilings of the bed rooms are being done in ivory.

Another feature of the bed rooms is an arrangement by which they can be used singly or be thrown into two, three, four and five room suites.

Coffee Shop Planned.

The coffee shop will have both counter and table service. The ceiling of the shop is finished and workmen will start to put on the ceanstone walls immediately.

Except for the floors, the store rooms which face the street are completed. In a short time glaziers will put in the window glass and carpenters will lay the floor. Lighting fixtures are to be hung this week.

Preliminary work for the erection of the marquise has been done and they will be hung this week.

At present workmen are engaged in cleaning down the outside of the building, which adds greatly to its appearance.

The bath rooms will have a light gray tile, trimmed with blue, on both floor and baseboard. Some of the baths have tile wainscoating, while the showers are done in all tile.

Hardware throughout the building is in statuary bronze and is practically all placed.

The superintendent in charge of construction expects that the building will be enclosed late this week and soon after that the Chew company of Pittsburgh, hotel outfitters, will place the furnishings in the bed rooms.

The airdrome constructed by the Imperial Airways, Ltd., at Gaza, Palestine, covers nearly 100 acres of ground.

RETURN HOME FROM TENNIS TOURNEY

New Castle Entries Make Good Record At Oil City Tournament

Joseph R. McFate of 1513 Delaware avenue returned yesterday from his vacation spent in Oil City, where he participated in the northwestern Pennsylvania tennis tournament. McFate reached the quarter finals before he was eliminated. Barr of Erie, and the captain of last year's tennis team at the University of Pittsburgh, won the tourney and Rehr of Warren, O., but formerly of Oil City, placed second.

In the doubles Philip Johnson of New Castle and McFate played together, reaching the quarter finals.

Thomas Lamoree and Harvey Munn of New Castle also took part in the tournament and played doubles together.

Seventh Ward

FISHING CLUB WILL DEPART

Seventh Ward And New Castle Men Are In Canada Delegation.

OTHER NEWS OF SEVENTH WARD

The local members of the Millvale Fishing Club of Millvale, together with the club members from Millvale, will leave here Wednesday evening on their annual fishing trip. The destination of the club is French river, Canada. This club has gone to fish each year to this particular place for some time. Fishing is reported good again this year and the club members are anticipating a large catch of fish.

In all there will be a party of about 28 members of the club and three cooks, making a total of 31 or 32 in all. The party will be away for two weeks. The party leaves here Wednesday evening and they will reach their destination Friday morning. They are due to return home on September 3.

Members of the club from here going on the fishing trip are as follows: A. C. Hyde of Cedar street; L. B. Anderson, J. P. Clark, C. O. Stevenson and W. J. Osborne of West Madison avenue; W. J. Elliott of Walnut street; Senator George T. Weingartner of the Butler road; C. H. Andrews, John A. Butler and son John, of Court street, and Frank P. Andrews of Crawford avenue.

RETURN HOME

Mr. and Mrs. J. G. Walker and son Joseph, of West Madison avenue, returned home Saturday evening after spending the past two weeks at Dewdley, Rice Lake, Ontario. En route home they stopped at Niagara Falls.

O. N. O. CLUB

The members of the O. N. O. Club will have a picnic supper at Cascade Park Thursday evening. This picnic was scheduled for last week but was postponed.

Committee in charge of the arrangements for this supper is comprised of Mrs. Maurice Boyd, Mrs. H. W. Booher and Mrs. Arthur Stump.

VERY ILL

John Gwin of West Clayton street is very ill at his home.

MOVE HERE.

Mr. and Mrs. Joseph Weider of Rochester, Pa., have moved to Second street in the part of the double house previously occupied by Mr. and Mrs. C. C. Comstock.

CELEBRATION ENDS

The celberation in the seventh ward by the Italian people, commemorating Saint Rocco and the Virgin Mary, ended Monday evening with a grand display of fireworks. These fireworks were the best and largest display that had been put off for some time.

During the day there had been high mass in the St. Lucia Italian Catholic church, with Rev. Ippolito, pastor of the church, officiating. There were parades by the Christopher Columbus band and in the evening there was a band concert. The South Liberty district was decorated with bunting and illuminated with electric lights.

Today the members of the local band are playing at the celebration now under way in the South Jefferson street district of the city in commemoration of the same saints.

SLOW DRIVER IS MENACE

Survey By Highway Patrol Shows He Is Cause Of Accidents.

HARRISBURG, Pa., Aug. 16.—The "creeping motorist" on traffic congested highways is a menace, Benjamin G. Eynon, state registrar of motor vehicles declared in a statement in which he assigned slow driving and persistent driving in the center of the road as the two principal causes of motor accidents lat Saturday and Sunday.

The registrar said that a survey of accident reports justified the conclusion "that the slow driver on our congested highways during the week-end of August 7 was largely responsible for accidents and for the increased traffic congestion.' He declared that highway officials and patrolmen found traffic last Sunday moving at about 20 miles an hour and that in many cases where accidents occured and in Saturday traffic streams, movement was less than 15 miles an hour.

Mr. Eynon said that while the department does not seek to encourage seeding beyond the margin of safety "every one having a license to operate a car should be able to move in traffic at 25 to 30 miles an hour if he is incapable of doing this he sould keep off the heavily traveled highways. The least that the slow motorist can do is to keep to the right of the road as required by law and allow his fellow motorist to pass him."

Full power for your motor all the time

Some plain facts for the motorist

WITH some gasolines, the average motor has to be nursed along carefully when acceleration is wanted or a steep hill waits with a challenge.

Open the throttle too suddenly and the carburetor floods . . . mixture is too heavy . . . motor "chokes". . . spark can't ignite the whole charge.

Unbalanced gasoline!

Your motor has a different story to tell with the new 1927 Atlantic Gasoline in your tank.

Atlantic is a combination of elements from three different types of crude—Texas, California and West Virginia.

Never before have you used an all-round gasoline like it. Every road and driving condition is met perfectly! No need to "coax" the motor! Instant response when you call for a burst of speed! Unfailing action when you have to crawl through traffic. Complete, full-powered, knockless combustion even when the accelerator goes down to the limit.

Woman Witnesses Death Of Husband Killed By Train

Unaware That Man Killed By Train Was Husband, Woman Hurries From Scene

(International News Service)

CAMDEN, N. J., Aug. 16.—While shopping Monday Mrs. Walter H. Hughes, Oaklyn, N. J., saw the prostrate form of a man decapited by a Reading Railroad train unaware that the victim was her husband, who had left the house a half hour before.

Mrs. Hughes left the scene hurriedly and did not learn of the tragedy until an hour later.

Hughes who was 62, was struck at a "closed" crossing. His hearing was defective and he is believed to have ventured on the tracks while on his way to the bank.

The St. Augustine club, which has made a poor showing in the Southeastern league, is now playing its week-day games in Waycross to see if the change will improve its luck. Sunday games will be played in St. Augustine during the remainder of the season. Should the Georgia city prove a good ball town it is considered probable that the franchise will be transferred there before the opening of another season.

Polo, although essentially a game for sportsmen of wealth, has made such rapid progress in popular interest that a record crowd is expected to witness the coming Anglo-American international matches.

The Miami team, which finished last in the first half of the Florida State league split season, is now playing like champions and looks good to cop the second half honors.

COUNCILMEN DISCUSS MATTER OF EMPLOYING TRAFFIC SURVEY EXPERT

"We know what we want but in order to get what we need, we must go out of town to get a man at a cost of several thousand dollars in order to get it."

This is what Mayor William Dunlap said today when members of council discussed the probable employment of a traffic expert to make a survey of New Castle.

In plain words the city's chief executive believes that bridges will go far toward solving the congested traffic situation here but a traffic expert must say "yes" to the belief before they can be had.

Favors Comprehensive Plan.

One firm which submitted a letter to council, which sat informally on the question, said the firm would study the present and future needs of the city's traffic and deliver a report.

As the firm will probably bid for the job the price was not quoted, the sum being stated for a "city wide study" and not exclusively for a business section study.

Councilman Louis Genkinger expressed himself as believing the wise thing to do would be to enter an agreement with an expert to draw up a feasible plan of caring for the present and future needs.

Mayor Dunlap said that "selfishness is the motive of some men who want to say where the bridges will and will not go." The mayor said different men fought for different locations for the desired bridges.

County Must Build.

Councilman Burns remarked that the city doesn't build the bridges but that they are provided by county funds.

The mayor remarked that in his opinion the "commissioners lack backbone".

"The trouble is that people in the city lack confidence in its own men" said Genkinger.

"I practically gave this question up after the civic clubs gave it up" said Dunlap.

"The civic clubs agreed as to what should be done but the commissioners wouldn't agree" informed Solicitor Robert White.

"Yes, on account of the opposition" replied the mayor.

"You can get an endorsement for any project here if you get the right 'Boosters' behind it" remarked Councilman Davies.

Strangers Lead People.

"A comprehensive plan, following an intensive study, followed by a report would show the people what is needed" explained White.

"It takes a stranger to lead the people of New Castle" said the mayor, an ardent supporter of bridges to cure the traffic evil. "I have lived here all of my life and they will not follow the local man" said the mayor.

Councilman Tyler injected a new vein into the subject when he said the survey proposed would last four months.

"By that time the council and the county commissioners may be changed. In this event where will we be at?"

"This may be true but a comprehensive plan would have been made for their guidance" replied Genkinger.

Councilman Burns pointed out that the proposal of the Morris Best Company, read today, embraced the entire city.

Worse Conditions Ahead.

Burns opined that it would not be necessary to include a survey of the entire city.

Robert White, the solicitor, took issue with Burns, saying: "You cannot isolate any part of the city."

"It should not be necessary to conduct a survey but I am in favor of it, because the next mayor coming in, will have worse conditions to combat" said Mayor Dunlap.

"We have requested the county commissioners to build bridges but they will not do it" said White.

Question 15 Years Old.

He explained that the issue has been before them for 15 years and if a survey is taken "we will know where we are at in four months."

forcibly by adding:

Mayor Dunlap expressed himself "We know what we want but in order to get what we need, we must go out of town to get a man, at a cost of several thousand dollars in order to get it."

Council today did not decide, informally, what they would do relative to asking for prices for services of traffic experts.

ROBBERY ON EAST SIDE

Officers Dukes and Walls were detailed today to investigate the robbery reported as occurring during the night at the confectionery store of Domenick DeMase, 426 East Washington street.

They found that on opening his store this morning that Mr. DeMase found that the place had been entered and some canvass gloves, stockings, candy and cigars had been taken. Entrance was effected through a rear window. The thieves in carrying away the articles wrapped them up, using shoestrings to tie them up.

Attempt To Bomb Coast Pier Foiled

(International News Service)

SAN PEDRO, Cal., Aug. 16.—A crude bomb with the word "Sacco" printed on it in chalk and containing, it is believed, enough explosive to destroy a major portion of the harbor water front, was discovered near the United States navy landing pier here today.

The bomb, a metal ball affair, had a makeshift fuse, the end of which was badly charred as though it had been lighted and had burned out.

GETS PICTURES OF LOCOMOTIVE

New Castle Man Receives Photos Of King George V Locomotive

In a recent issue of The News there appeared an item concerning the King George V locomotive, constructed in England, which was to be brought to this country for exhibition at the Centenary exposition of the Baltimore & Ohio railroad to be held at Baltimore, Md.

The clipping was cut out of The News and sent to Fred Lewis of Oxley, Wolverhampton, England, by W. G. Woolway of 821 E. Washington street, this city, a brother-in-law of the former.

In a letter just received from Mr. Lewis by Mr. and Mrs. Woolway there are pictures of the famous engine, which weighs 135 tons, and which is said to be the most powerful engine in the world, also the speediest. He also inclosed a clipping telling how the engine had been shipped to Baltimore and what difficulty was experienced in placing it on shipboard.

Mr. Lewis also tells another interesting bit of news to the effect that the Goodyear Rubber company has purchased a large factory at Bushbury, England, also hundreds of acres additional of expansion of the plant, which it plans to operate. The plant, Mr. Lewis states, will employ from 3,000 to 4,000 hands. Mr. Lewis is an inspector on the railroad on which the famous engine will be operated.

PEACE TIME SAVINGS AND INVESTMENTS FOR 1927 SHOW BIG GAIN

By ROBERT S. THORNBURGH,
International News Service Staff Correspondent

WASHINGTON, Aug. 16.—The United States shattered its peace time savings and investment record the first half of 1927.

Figures available today at the Federal Reserve board, and Commerce department showed the following achievements:

Domestic investments, $5,300,000,000.

Foreign investments, $788,000,000.

Savings accounts of national banks, $7,315,000,000.

In addition to finding $6,000,000,000 for investment, American citizens increased their savings accounts in the National banks alone by nearly $1,000,000,000.

Business is adopting the policy of the government in saving interest by refunding bonds into those bearing lower rates. Refunding issues amounted to $1,200,000,000 and generally bore lower interest rates than those which they replaced.

"New issues of securities, which afford the best indication of the demand for new capital, have been in relatively large volume for a series of years," the board announced.

"During the last four years they have approximated an average of $6,000,000,000 annually, of the total issued for the period $20,000,000,000 have been domestic and $4,000,000,000 foreign securities."

Public utilities issues, amounting to $5,920,000,000 for the four years, led other corporate issues. For land and building purposes securities amounting to $2,249,000,000 were issued; railroads, $2,062,000,000; other industrials $1,765,000,000; oil $960,000,000; iron, steel and copper, $646,000,000; motors and accessories, $440,000,000; rubber, $113,000,000, and shipping $68,000,000.

"The demand during recent years for capital to be issued in long term investments has originated largely in a demand for durable instruments of production and durable consumption goods as is usual during period of large industrial activity," the board said.

"The supply of funds seeking long term investment has been ample, as is evidenced by the downward trend of long term interest rates during the last four years. The current level of about 4 1-2 per cent is close to that of the years immediately preceding the war."

Slayer Gives Up After Two Years Of Being Hunted

(International News Service)

SCRANTON, Pa., Aug. 16.—"I'm tired of being hounded by the police and I want the chase to end."

With these words, Dominick Marchetti, 45, sought for nearly two years as the slayer of Pasquale Bilis, at Susquehanna, Pa., surrendered today to the wife of Sheriff W. J. McLaughlin at the jail in Montrose, near here.

The woman immediately summoned her husband and other officers and Marchetti was placed in a cell. He is to be taken to Susquehanna.

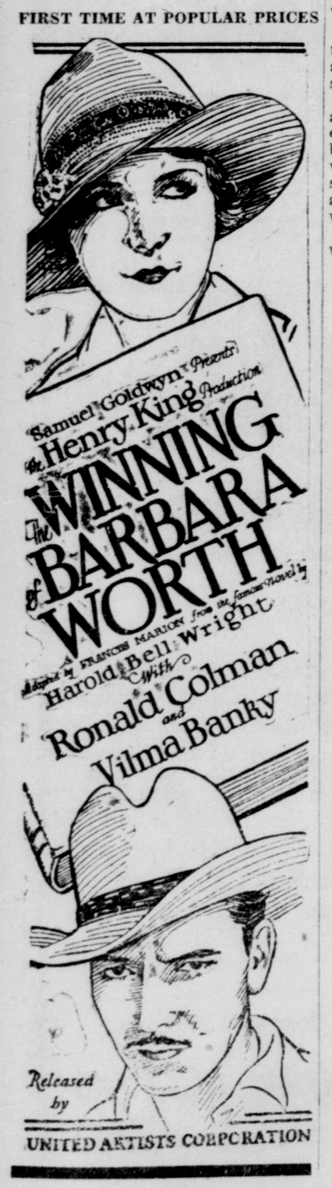

Marchetti said he visited many cities since the murder, Oct. 15, 1925, at a wedding celebration. Marchetti will be arraigned at the October term of court in Susquehanna on a murder charge.

Here! You Izaac Waltons! Go Fishing At Library!

There has been considerable controversy in the press of this country as to whether or not Mr. Coolidge should do his fishing with worms.

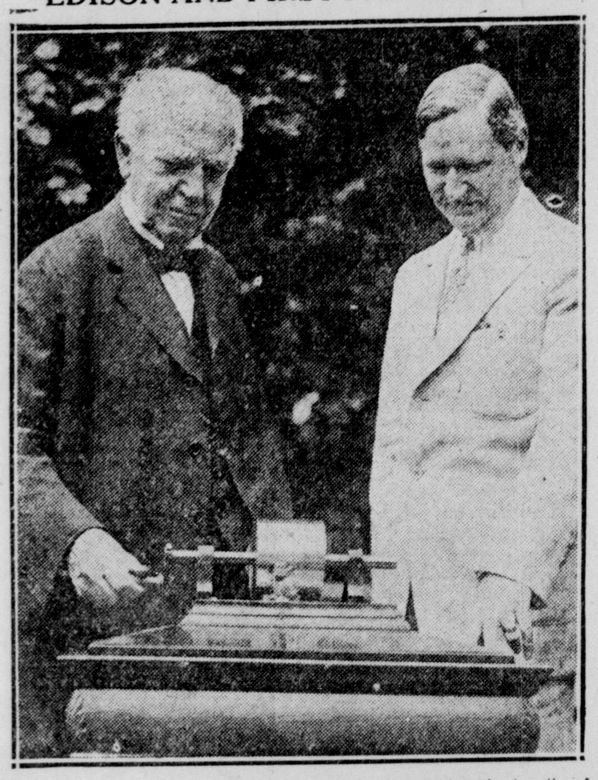

Many people have undoubtedly been a little surprised and perhaps amused that this controversy should have been taken so seriously and that those who have become mixed up in it should have such strong convictions and express them in such a vehement way.

The same people would probably be very much surprised to know how many fishermen there are in this country of ours and at the number of those fishermen who are so wrapped up in this, their favorite sport, that they spend large sums of money each year in collecting all books on fishing for thier libraries.

The public library has a number of books on fishing which have been collected for those who wish to learn how to fish and for those who wish to know about the fishing other folks do.

Ask to see the fishing shelf.

Girl Scouts Get Merit And Tenderfoot Badges

Local Scouts Having A Wonderful Time At Camp, Refuse To Come Home.

Four Local Girls Awarded Merit Badges At The Ceremonies Saturday Night.

ELLWOOD CITY, Aug. 16.—Many of the girl scouts who expected to stay one week at Camp John Phillips, at Kennedys Mills, are so delighted with the program of activities worked out by the leaders, cooks, and counsellors, that they expect to remain the full time, which will be until next Sunday.

Saturday night, being Visitors night several families from Ellwood motored out to inspect the opertions of camp. At this time Esther Brennamen, Virginia Renner, Louise Caplan and Helen Golden, four young members of the local girl scout contingent, received merit badges at the ceremonies put on Saturday night for the edification of the visitors. Among other visitors present were: Mrs. Lewis Nickum, Mrs. H. R. Johnson, Mrs. J. D. Kirk, Mrs. John Brennamen and Mrs. Walter Golden.

The camp was donated to the Girl Scouts through the courtesy of the Boy Scout organization, whose permanent camp it is. The girls embarked August 8 for Camp in the pouring rain, but have had pretty fair weather most of the time since then. Special menues are being prepared by the cooks, and visitors are asked not to bring or send sweets.

Twenty members of the Ellwood and New Castle scouts received the Tenderfoot pins at the ceremonies Saturday night.

Charles Cox And Expedition Leave Today On Tour

Leaving For New York Today, Embarking For Italy On Thursday

ELLWOOD CITY, Aug. 16.—Charles Cox leaves today with his company of over a hundred Italians for New York, where he will stay until Thursday, when the boat leaves for Italy.

The trip is made possible each year through the foreign department of a local bank, and all Italians from this district are eligible to make the trip. Some are going back to stay, some are going on a visit, and it is reported that some others will probably bring back a bride with them. The ticket covers a year and side trips can be taken if desired.

Charles Cox was chosen to conduct the trip, not because he speaks Italian so fluently, but because he is an all-around good fellow and can keep a firm grip on the reins.. While in Italy he expects to have an audience with Premier Mussolini.

DENY VATICAN TO INTERCEDE

Cabled Reports That Pope Pius Would Enter Sacco Case Denied

(International News Service)

WASHINGTON, Aug. 16.—Official denial was made at the vatican legation here today of reports cabled from abroad to the effect that Pope Pius has decided to ask the United States government to intercede in the Sacco-Vanzetti case.

Legation officials declared they had received no instructions from Rome to make any representations on behalf of the condemned men, and that they expected none. The Apostolic representatives are fully cognizant that the federal government is powerless in the matter, and declared the cabled reports from abroad to be unfounded.

The Apostolic delegate, Mgr. Fumasoni-Bondi, is touring the west, and in his absence his assistants stated today the mission "has no particular interest" in the Boston case.

CAMP MEETING IS CONCLUDED

New Castle Delegation Has Returned From Conneautville

Holiness camp meeting which ended at Conneautville Sunday attracted people from all over this part of the country until Sunday, August 14, saw nearly 1500 people there, according to Rev. H. J. Buckingham, pastor of the Maitland Memorial Primitive Methodist church, who has just returned from the 10-day meeting.

Rev. Buckingham said that it was the best camp meeting that they ever had in the line of spirit, attendance and results obtained. Many people were located there for the full 10 days in tents and cottages while others motored from all points of western Pennsylvania and eastern Ohio for a day or two at a time. Many came from Erie, Pittsburgh, Cleveland and intervening points.

The leading preacher at the meeting was Dr. J. L. Brasher, former president of John Fletcher college at University Park, Iowa. Rev. Thomas Henderson of Oberlin, O., was one of the evangelists of the meeting. Rev. Frank E. Arthur of the Austin Tabernacle in Chicago and dean of the Christian Evangelical Institute of Chicago, was also one of the preachers. Prof. Kenneth Wells and Mrs. Wells of Taylor university, Upland, Ind., directed the music of the meeting.

Many people from New Castle attended the camp meeting, some for the full extent of the meeting while others motored up for the week-ends.

FLYERS SWIM ASHORE FROM WRECKED AIRPLANE

"Well, it's better to have fallen into San Francisco Bay, a few hundred yards off shore, than to have dropped into the middle of the Pacific Ocean," remarked Captain James L. Giffin, Los Angeles, as, with Theodore Lundgren, his navigator, and a friend, as they clambored ashore after their airplane, the Pride of Los Angeles, entered in the Dole Hawaii air race, fell off Oakland airport. Photo shows them reaching shore. Insets are close-ups, left of Giffin, who also is an attorney, and Lundgren.

REPORT 178 FATALITIES

State Compensation Bureau Report On Accidents For July.

(International News Service)

HARRISBURG Pa., Aug. 16.—One hundred seventy-eight fatal and 12,548 non-fatal accidents were reported to the state bureau of workmen's compensation in Pennsylvania during July. Complete reports for the state were made public today by W. H. Horner, director of the bureau.

Totals for July show a decrease as compared with June and also with July of last year.

On the basis of the first seven months of the present year as compared with the same period in 1926, there has been an increase of almost seven per cent in fatal accidents while non-fatal decreased in almost the same ratio.

Grouped into the three main industrial activities of the state, coal mining showed an increase of 16 per cent while railway accidents dropped six per cent and other branches showed a decrease of more than ten per cent.

Deaths attributed to electricity showed an alarming gain during the month according to the bureau report. Deaths in this group jumped from seven in June to 18 in July. Seven of those killed were employes of electric light and power companies.

"In all instances" the report said "the deaths appeared to have resulted from the failure of the employes themselves to observe necessary precautions while working about high tension wires."

Eight of the deaths occurred in the coal mining industry and were caused in most instances by contact with trolley wires in the mine workings.

PA NEWC OBSERVES

Work that has been done in improving north hill streets this summer should take much of the traffic off of Highland avenue. With Delaware and North Mercer streets, parallel streets paved and easily traversed, much of the traffic that usually came out the side streets to Highland will traverse either Delaware or Mercer streets as far as Moody or Park, or some of the streets nearer downtown, it is anticipated.

While New Castle's daylight time schedule is still set to run through the month of September, daylight savings time will be ended in some cities during the first week of September. While nothing can probably be done in New Castle this year, but allow the schedule to continue through September, there should be no deviation from the plan announced last spring of having definite conferences during the winter to arrange a schedule for next summer, in which the daylight time schedule for this city would be shorter. Little is gained by daylight time in September.

Elsewhere we note that orders have been issued that the weeds must be cut along some of the properties of the city. This is a good move. We wonder sometimes why owners of these weed nuisances do not get busy and cut them down voluntarily, rather than endure the unsightly conditions, and the nuisance.

Auto tourists returning from the vicinity of the great lakes highways, favorites for thousands of cross country tourists, report a new idea that is being developed in the way of providing shelter for tourists overnight. Small buildings, about the size of a garage, or smaller, are being erected in rows along the road. These contain sleeping quarters for one or two persons. One's first impression of the situation is a hen and a lot of little chickens.

Painting the traffic light an aluminum color, which has been done here lately has helped considerably. The lights not only are more easily seen, but the colors appear to be easier to see. The aluminum paint is also being used on the fire hydrants about the city with good effect.

This is the last day for filing applications for party nominations for the various offices to be voted on at the September primaries. Pa Newc can not recall any primary campaign when the number of candidates has been any where near as large. Usually there will be a flock of candidates for one or two offices, and little competition for others. This year, however, there will be a host of opposition for candidates in the field for every city or county office.

Some Local Comment, Ideas And Suggestions As Given To News Man

By ALFRED SWIFT

JOHN P. LOCKHART,
Attorney

The discussed "third term" for Coolidge is not really a third term at all. I believe the American people will gladly support Mr. Coolidge, because he has the courage of his convictions, no matter what affect they may have on his popularity. This is ably illustrated by his veto of the recent farm legislation.

The man, no matter what the effect will be on him politically, is governed by his own judgment. I believe that Coolidge is the strongest presidential candidate that the Republican party could select.

No, there is nothing that happens around a feed store that causes people to think. But you might say this: We do more than a lot of restaurants around here. We give a good chicken dinner for fifteen cents, and yet there are people who say that nothing good comes from a feed store.

JACK DUNFEE,

Do I think that they are overdoing the reception which the people of the United States are giving to Col. Lindbergh? No, decidedly not. Lindbergh has done a great feat. Not alone did he make a non-stop flight across the Atlantic, (that has been done before), but he did it absolutely by himself. And therein lies his glory.

The great mass of the people forget heroes soon enough—almost too soon. I wonder how many persons now remember Sergt. Alvin York, the man who captured a company of Germans during the war and did it single handed?

If Col. Lindbergh can stand the strain of his trips about the country, he should do it, so that the mass of the people can see the "Flying Colonel," and so that his type will make a definite impression on the youth of the land. While his glory is still fresh, let him live in the public eye.

Old Jefferson Market Will Yield To Progress

New Yorkers Try To Save Landmark Facing Destruction

NEW YORK, Aug. 16.—Picturesque Old Jefferson Market in Greenwich Village may be torn down to make room for a prison for women it developed today.

While hundreds planned protests against the razing of Manhattan's Covent Garden one of the oldest of the city's fish and produce markets, city engineers went ahead with plans for erecting on its site a house of detention for women to rise twelve stories.

The market occupies a triangular plot at the south end of Jefferson Market Prison, Sixth avenue, Tenth street and Greenwich avenue.

"Something to Eat—"

In these strenuous play days of summer children often are hungry "between meals."

That's a healthy symptom. Don't worry about the children so long as they get hungry. Your main concern should be what they get to eat.

If you have an Electric Refrigerator in your home, this problem is an easy one. It will keep wholesome, nourishing food perfectly preserved for these growing children without making extra work for you.

There's nothing like constant, even cold for keeping all kinds of foods—meats, vegetables, butter, milk—fresh, appetizing and healthful for days.

UNITED STATES TIRES ARE GOOD TIRES

BUD-GRAFTING

Question: What difference does it make to me that the United States Rubber Company grows and controls its own supply of rubber?

Answer: It makes a lot of difference to you. Good tires must start with plenty of the right kind of rubber. The right kind of rubber starts with the right kind of rubber trees. Among other methods for producing plenty of superior rubber lates, bud-grafting—to make better trees—has been practised on the United States Rubber plantations for ten years. If you ride on U. S. Royals you get the benefit. If you do not ride on U. S. Royals you are missing something extra good. Either way, it makes a lot of difference to you.

YOUNG PEOPLE AT CONFERENCE

Reformed Presbyterian Hosts Gathering For Week At Rose Point.

ABLE SPEAKERS TO MAKE ADDRESSES

Delegates Coming From All Parts Of Pittsburgh Presbytery.

Thirty-third annual conference of the Covenanter Young People's Union of the Pittsburgh Presbytery of the Reformed Presbyterian church will will open this evening at Rose Point with approximately sixty young people from all parts of the Pittsburgh Presbytery in attendance. It is anticipated that the enrollment will reach approximately 100 before the close of the conference on August 25.

It is indicated that the junior activities of the conference camp will attract at least fifty younger boys and girls this year. Mrs. A. A. Wylie, wife of R. A. A. Wylie, pastor of the East End Reformed Presbyterian church will have charge of work among the juniors present at the camp. She is a specialist in this line of work and excellent results are anticipated. She is assisted by Mrs. J. G. Reed.

Activities Of Day.

Activities of the camp will be divided into three parts each day, the morning being devoted to praise and devotional exercises and study of Bible questions. The afternoons will be devoted largely to recreational features, such as baseball games, hikes and a track meet, which will occur August 22.

The evenings will be spent in praise and devotional services with some outstanding persons giving addresses. On Thursday, August 25, the conference will be brought to a close with a campfire, stunts and songs.

Some Of Speakers

The instructors and speakers will be of the most interesting and helpful type. Dr. John Coleman, of Geneva college will conduct the Bible hour for adults each morning.

This evening, Rev. Paul D. McCracken, pastor of the Rose Point Reformed church and superintendent of young people's work, will make the principal address. The music at this session as well as at all sessions of the conference will be under the supervision of R. A. M. Steel, singing evangelist of the Reformed Presbyterian church.

Wednesday evening, the address will be given by Dr. R. H. Martin, former president of Geneva college and present secretary of Sabbath Observance for the Presbyterian church and leader in national reform work.

W. C .T. U. Head To Speak

The speaker on Friday evening will be Mrs. Ella M. George of Beaver Falls, head of the Pennsylvania W. C. T. U. The sermon of the morning service next Sunday will be delivered by Dr. R. J. G. McKnight, a member of the faculty of the Reformed Presbyterian Seminary in Pittsburgh.

Among the other persons taking part in the conference program are Robert W. Hemphill, a returned missionary from Cyrus, Rev. J. C. Slater, D. D., pastor of the Geneva Reformed Presbyterian church of Beaver Falls, Miss Lillian McCracken, formerly a missionary in China, who is now engaged in work among the colored people of the south, Rev. R. W. Redpath, pastor of the College Hill Reformed Presbyterian church, Rev. J. Boyd Tweed, Bible Chair, Geneva College, and Rev. J. G. Reed of the Reformed Presbyterian church of New Galilee.

Camp Officials

The camp officials are as follows: Camp Mother, Mrs. W. J. Ward Camp Father, R. A. M. Steele; Camp Hostess, Miss May McCracken; Camp Doctor, Dr. William Heazlett; recreation secretary, George Black; life guard, Samuel McKinney; commissary, James Balph; praise leader, R. A. M. Steel; chairman entertainment committee, Miss Mildred Henderson.

Officers of the conference are President, Robert C. Ward of Pittsburgh; vice president, Miss May McCracken; recording secretary, Miss Dorothy Henderson; corresponding secretary, Miss Maude Skeels; efficiency secretary, Miss Rhoda Beatty; treasurer, Paul R. Slater; assistant treasurer, James Anderson; camp manager, William Patterson; assistant camp manager, J. Ward Haslett; superintendent of young people's work, Rev. Paul D. McCracken.

Has Prince Edward Fallen Hard Again?

(International News Service)

CALGARY, Alberta, Aug. 16.—Canadian debutantes and matrons who were positive last week that the Prince of Wales had fallen in love with Miss Valerie Jones, amateur actress of Ottawa, had changed their minds today—for there is a new star on the Prince's horizon. She is Miss Dorris McCarter, a brunette debutante ranked high in the social register of Edmonton, the provincial capital.

Miss McCarter was the Prince's partner at the Lieutenant Governor's ball in Edmonton. Three minutes before the Prince's two cars were hooked on to the regular night train from Edmonton to Calgary after the party, a young lady in evening dress jumped aboard one of the regular Pullman cars. It was Doris McCarter, on her way to Calgary for the hunt ball, at which the Prince was the guest of honor last night.

While here Miss McCarter is the guest of Mrs. Edmund Taylor. Mrs. Taylor announced that Miss McCarter will go to Banff, where the Prince is to be Wednesday. It was also said that Miss McCarter probably would go to the Pacific coast for the duration of the Prince's stay.

STAR OF WALES LODGE MEETING

News Notes Of Interest To Welsh Folks Of New Castle District

(By W. A. Johns)

The Star of Wales Lodge No. 60, True Ivorites of America, held a very interesting meeting on last Saturday evening. A good crowd was present.

A fine report was presented by the sick committee. They reported the following members on the sick list: Edward Gibbon, Griffith M. Jones, Daniel J. Davies, Samuel Francis, John Harvard and Benjamin Jones. The latter was reported somewhat improved.

News was received from the annual convention at Utica, New York, that everything passed in the best of order and that the convention just over was one of the best ever held by the order. Griffith Thomas of New Castle was again reelected for another year as honorable secretary of the order.

Llewellyn Thomas and his son Lincoln have just returned from their visit to Pittsburgh. While there Mr. Thomas visited Tom Rosser of Clearview avenue, who is a patient at one of the hospitals there. While at the hospital he ran across another former New Castle man by the name of William Williams. Mr. Williams is at the hospital for an operation on one of his legs. His present residence is Baltimore.

Welsh News Notes

Henry T. Jones of Waldo street was present at the Star of Wales lodge meeting last Saturday evening. He gave a very interesting talk of his journey in company with his wife and James Davies and wife to Buffalo, Niagara Falls and Canada. He stated that they had a difficult time entering Canada. One of the officers on the border thought that they wanted to go into Canada for alcoholic drinks but they were able in time to convince the officer that they were going over there to enjoy the sights and grand things of the country. He spoke at the meeting for a half hour and those present enjoyed his talk.

Mrs. Catherine Merriman of Long avenue is getting along nicely at the New Castle hospital, where she was taken a few days ago for special treatment. Her friends are glad to hear of her improvement and believe that she will pull through successfully.

Lewis J. Lewis of Wildwood avenue, an employee of the New Castle Electric Power company, has landed safe and sound at his former home at Clydach, South Wales. His wife went over there last May, where her parents are making their home. They will return to their new home in New Castle about the end of September.

Prof. and Mrs. R. E. Johns of Park avenue, the chorister of the First Christian church of our city, will leave this week for a two weeks vacation. They will spend some time in New York and while there they will visit the studio of Roxy, the great radio entertainer. They hope to visit G. T. Mathews, the king of tea in the United States also.

Good news is still coming from Miss Nettie Evans, daughter of Mr. and Mrs. John Evans of the Cash Buyers store, that she is still improving after her operation at the Gary hospital. She is under the care of Mr. and Mrs. Wm. H. Davies of Whiting, Indiana, great friends of the Evans family.

Miss May Davies, nurse at one of the Pittsburgh hospitals, visited friends in this city last week.

Mrs. Phillips, the beloved wife of our dear friend, Griffith Phillips, has been down deep in the valley of sickness for some time. Her friends will be glad to hear that her condition has improved considerably.

Hibernians In Annual Session At Scranton, Pa.

(International News Service)

SCRANTON, Pa., Aug. 16. — More than four hundred delegates to the fifty-fifth biennial convention of the Pennsylvania Ancient Order of Hibernians attended the opening sessions here today.

Sessions will continue until Friday night, with delegates from all parts of the state in attendance.

Solemn high mass was celebrated at the opening of the convention at St. Peters Cathedral, after which John L. Skarry of Pittsburgh, president of the order, called the convention's first business session to order.

State officers in attendance included Martin J. Coleman, Scranton, vice president; Frank P. Holleran, Johnstown, secretary; Rev. E. J. Holohan, Heckscherville, chaplain; Patrick Fitzgerald, Philadelphia, treasurer, and committee members.

A lively contest for state president is in prospect, with John F. Buckley, of Scranton, one of the first candidates to be entered by his friends.

MOTORISTS ARE STOPPED, TOLD TO DISPLAY LICENSES

(International News Service)

HARRISBURG, Pa., Aug. 16.—The state highway patrol stopped 901 motor vehicles for improper display of license tags during the week ending July 31, the Bureau of Motor Vehicles announced today after filing reports from all sub-stations.

In each instance the owners were directed to correct the violation and make a report to the station that instructions had been met.

The Butler station with 115 led all others in the number of violations found.

Grandmother 33 Years Old

Here's another record for New Castle and Lawrence county to contest. Come on, let's hear from you? Here is the record:

NEW YORK, Aug. 16.—Only 35 years of age, Mrs. Amy S. Jones of Newburgh has been a grandmother for two years, it was revealed recently by a contest offering prizes to the youngest grandmother of Orange county. Three women of the county not over 36 are grandmothers, according to judges of the contest, while Mrs. R. A. Stubbelvine of Maybrook, at 47, has seven grandchildren.

To Those Who Know They Have HIGH BLOOD PRESSUE

Norma, A Physician's Prescription Brings Welcome Relief to Many.

Thousands have been told by physicians or insurance examiners that they have high blood pressure. To all such here is good news. If you suffer from high blood pressure and as a result have dizzy spells, sleeplessness, nervousness, head pains, short breath and other ailments, Norma, compounded from a physician's prescription, should help you.

High blood pressure overtaxes the heart and arteries and often leads to very serious results. It should not be neglected. Often one bottle of Norma gives wonderful relief and comfort. As high blood pressure is a sign of some disorder or abnormality of the system it is advisable to discover the cause and correct it by medical or hygienic means while taking Norma.

Although Norma is not a treatment for the causes of high blood pressure, it usually gives welcome relief and a fine feeling of comfort and well being. If you have high blood pressure start taking Norma at once and give it a chance to help you. Get Norma today at McKee's Kut Rate, Love & Megown, Eckerd's of New Castle, Inc. or any other good drug store.

MANY MINERS IN ACCIDENTS

State Report Shows 498 Fatalities In State In Seven Months.

(International News Service)

HARRISBURG, Pa., Aug. 15.—Mining accidents in the state cost 498 lives during the first seven months of the present year, a tabulation made public by the State Department of Mines today revealed. Of that number 291 deaths were in the anthracite field and 207 in the bituminous.

In the same period last year there were 207 fatal accidents in the bituminous fields and 240 in the anthracite.

Estimated production for the seven months period was placed at 47,000,000 net tons of anthracite and 80,500,000 of bituminous. For the same period last year the actual production was 44,681,000 of anthracite and 82,318 of bituminous.

Walter H. Glasgow secretary of the department, estimated present production in the anthracite field of about 80 per cent of normal while in the bituminous region it was less than 50 per cent.

While there are no labor troubles in the anthracite region, Glasgow said, the market is unusually quiet. Production in the bituminous region at the present time is coming mainly from non-union mines.

Negro Suspect In Burning Of Barn Is Under Arrest

Barn Is Burned And Two Small Children Lose Lives, Negro Seen At Barn

(International News Service)

BRIDGETON, N. J., Aug. 16.—Oakford Pierce, 17-year-old negro, was taken into custody today on suspicion in connection with the mysterious burning of a barn near here which resulted in the death of two small children. Pierce was seen leaving the barn a short time before it burned, according to police.

The two children, Emma Dawson, 6, and William Jaggers, 5, were burned to death on the farm of John Dawson, the former's father, at Stone Creek, near here late yesterday. Dawson was away on business.

The coroner announced he would empanel a jury possibly late today to investigate the deaths.

FARM PRODUCTS PRICES LOWER

Survey Shows Five Principal Farm Products Will Be Lower Than In 1926

(International News Service)

WASHINGTON, Aug. 16.—Average prices this year for five of the principal farm products of the United States will be lower than the 1926 levels, the department of agriculture predicted today in its 1927 estimate of weighted-average prices.

Based on crop movements up to June 1, the department found the average return to wheat producers at the farm to be about 123.2 cents a bushel against 142.1 cents in 1926. Potatoes, on the June first basis, were going at 146 against 244.8 in the corresponding period last year. Hog prices averaged 9.41 cents a pound against 11.97 in 1926, and a dozen eggs brought 19.8 cents against a 1926 average of 25.2 cents. Wool was valued at 30.1 cents pound this year and 32 cents last year, and cotton cleared at an average price of 13.9 cents against 16 cents.

Corn, oats, hay, beef, veal and dairy products will bring fractionally better prices. The June 1 farm price of corn was fixed at 73 cents a bushel against 67.1 cents a year ago; oats, 45.4 cents agianst 39.5 cents; beef, 7.17 cents a pound against 6.57, and butter 42.1 cents against 40.1. Veal brought 9.37 cents a pound against 11.78 and lambs 11.92 against 11.78. Hay moved in 1927 at $13.20 a ton against $13.12 in 1926.

HARVEST HOME BEING PLANNED

Big Mercer County Event To Take Place On August 20

(Special To The News)

MERCER, Aug. 16.—The annual holding of the Jackson Centre Harvest Home is announced by the committee on the date of August 20. In point of attendance the harvest home rankes next to the county fairs. The crowds have totalled 10,000 people at this singular event which has been held for 32 years in what is now the Jackson Park but was known for years as Orr's Grove.

Dr. S. J. Dickey the County Medical Director of Mercer County will be one of the speakers at the program of events which is carded for the afternoon.

Good ball games morning and afternoon; athletic events, and dancing in the park pavilion are all carded as events of the program which it is hoped will draw the customary crowd.

This year it is expected that an added zest to the event will be created in the certain presence on this date of the field of 50 candidates that have announced for the various county offices.

The harvest home is recorded in political history as the annual political clearing house date.

Bleachers Fall At Columbus, Many Reported Injured

Bleachers At Race Track Give Way During Exciting Finish Of Race

(International News Service)

COLUMBUS, O., Aug. 16—One man was confined to a hospital here today with a broken leg, and 11 others, mostly women, were cut and bruised or shaken up, as the result of a collapse of a section of wooden stands at Buelah park race trace here late yesterday.

Fred E. Worch of Columbus was the only spectator seriously injured.

The section of stand, in which 60 persons were seated, collapsed as many stood and shouted at the finish of the fourth race, and hurled many women visitors, ladies' day guests of the management to the ground.

BAPTISTS WILL HAVE CAMPAIGN

Dr. J. E. Conant Coming For Series Of Meetings Early In September

Cottage prayer meetings will be held in various homes of the First Baptist church, each Tuesday and Friday evening at 8 o'clock, throughout the remainder of August.

These meetings will be in preparation for a campaign of personal evangelism which will be conducted by Dr. J. E. Conant, eminent evangelist and Bible teacher, working on the Extension Department of the Moody Bible Institute, assisted by Rev. C. A. Smith, who will have charge of the music and various parts of the organization work incident to the campaign.

Arrives September 2

Dr. Conant will arrive in the city, September 2, and will confer with the workers of the local congregation that evening. The campaign will begin Sunday, September 4, and will continue for three weeks, with public meetings afternoon and evening. Dr. Conant has had conspicuous success in leading churches all over the country to grasp the opportunity of bringing the Gospel to the thousands of people who never come to the church services. He believes that every Christian should be a witness for his Lord, and that if the church members become interested in speaking to the unsaved about Jesus Christ, the whole life of the church will be revived and the pews will be filled with earnest worshippers.

Highly Recommended

Dr. Conant comes most highly recommended by church leaders throughout the country. Concerning him, the late Dr. Russell H. Conwell said: "Dr. Conant's visit accomplished all that we expected and more, and since his meetings the church has shown a decided interest in spiritual work, and through the church membership Dr. Conant will go on preaching for years to come."

This evening the cottage prayer meetings will be held in the homes of Mr. Perry S. McCune, 1033 Maryland avenue, and Mrs. W. F. Gardner, 403 Wallace avenue. Friday night there will be meetings in the following homes: Mr. Gilbert, 638 John street; Mrs. Millie Wallace, Pearson street, and Geo. M. Landis, 222 Garfield avenue.

HIGH FOOTBALL CANDIDATES GET CALL

Aspirants To Meet Thursday

Material For 1927 Team Will Be Checked Over, And Plans Made For Camp.

STIFF SCHEDULE AWAITS GRIDDERS

Plans for the annual encampment of the New Castle high football team will be completed on Thursday night at 7:30 o'clock at the senior high school. Announcement of the initial meeting of the year was made today by Faculty Manager Ralph H. Gardner.

It is requested that all candidates for the 1927 team be present at the meeting. The meeting is open to all youngsters who desire to try for the team this fall. The call is also for the benefit of the veterans as well as the "rookies".

Gardner and his corps of assistants have been engaged for the past several weeks in preparing the camp at Muddy Creek Falls for the invasion of the some 40 boys. The date for the opening of the camp has not as yet been set.

The meeting Thursday night will give Coach Phil H. Bridenbaugh a chance to scan his material for the coming season. Indications are that the team this year will be bigger and faster than in former years.

Football season is due to open in something like a month. The Red and Black grid team faces one of the stiffest schedules in the history of the school, and they are anxious to hie themselves to camp and get down to condition for the strenuous program that awaits them.

The first game of the season will be played Saturday, September 17, when Coach Joe Hartman will bring his Grove City high clan to this city.

Presbyterians Hammer Out Victory Over Epworth Team

The Central Presbyterians hammed their way to a 16 to 2 victory over the Epworth M. E. team in a church league game staged Monday night at the Colonial field.

Shoaf on the mound for the Presbyterians, was effective in the pinches and limited the Epworth boys to but six hits. The Presbyterians found Moser for 15 solid blows.

Drewes Wins And Retains His Crown

Ralph Rice And G. J. Jennings, Jr., Capture Doubles

ST. LOUIS, Aug. 16.—Ted Drewes, St. Louis kept his National Parks tennis crown by winning from Geo. J. Jennings, Jr., Chicago 4-6, 6-1, 6-3, 6-4 in the final match of the singles yesterday. It is the fourth time Drewes has won the title. The Chicago team of Ralph Rice and Jennings then paired in the doubles defeating Drewes and William Bell, St. Louis 8-6, 6-3, 6-4.

Lawn Tennis Moguls Face Dilemma

May Have To Name Johnston As Tilden's Partner In Singles

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

NEW YORK, Aug. 16—That the United States Lawn Tennis association is about at the end of its tether in the matter of finding a partner for Tilden in the Davis cup singles was virtually admitted in official circles today. Bill Johnston, it seems, is not here for the cup trials because he thinks he can better prepare himself on the coast.

In other words, Johnston is asking the committee to pick him, sight unseen, and the committee would very much like to refuse. If Johnston appears on the premises a week before the matches start, as he has intimated he will, the chances are somewhat better than even that he will get the society nod when they start passing out the place cards.

"We are up against it in Johnston's case," one of the ranking officials of the association declared today. "We can't pick him without seeing him, can we?"

The answer, mostly, is yes, provided the other candidates for the spot don't give more convincing proof of their eligibility than they have presented to date. George Lott took LaCoste in straight sets but he blew a decision to Francis T. Hunter yesterday and a man who can't beat Hunter can't beat the French when everyone is leveling.

Hunter hasn't much of a chance to play in the singles, either. He will be Tilden's partner in the doubles and, of the few men who can be expected to get away with three Davis cup matches in as many days, Hunter is not one.

Of course, he has the physical stamina to do it, if the worst came to the worst.

It might appear that the situation is not too far removed from that point today, for they are talking of the possibility of exhuming the competitive corpse of R. Norris Williams for the great occasion. It seems to me that I recall R. Norris losing in Seabright two weeks ago to a dub. Why not, therefore, try to remember who the dub is and find out what he has?

This would be just as logical as an attempt to make Williams the man he was ten years ago and hasn't been since. The committee is committed to a veteran for the position but there would seem to be no pressing urge for its members to ghoul their way thru the competitive grave yard.

Much against its will, the committee in the end may have to go back to Johnston. It knows that he could play tennis well enough last year to win both of his challenge round matches. It knows that he is a great man in a pinch and that the present situation has the jaws of a monkey wrench. But it also knows that Johnston's star was in the process of setting last year and that it may have completed the journey in the meantime.

Twenty-four hours ago the official disposition was to forget Johnston and string along with Lott, provided he beat Hunter. But he didn't. So, now, the committee is back where it started from, which was, roughly speaking, nowhere.

Bloomer Girls To Play Again

Shenango And Buckeye Girls Play Here Wednesday.

NEW CASTLE AT HOME THURSDAY

Those Bloomer Girls from the Shenango pottery and Buckeye Manufacturing plant will "do it all over again" at 6:15 p. m. Wednesday evening at Centennial field and according to their respective managers, there's going to be a real game. The manager who pilots the Buckeyes today did not announce a battery but the Shenango pitcher will be Mary Padavano.

The New Castle club will return to Centennial field to play the Massillon Agathons at 6:15 p. m. Thursday evening and no doubt a big flock of fans will trek through the turnstiles to see the game. The Agathons hope to beat the Centennials and are coming "primed for game."

This will be the only major baseball attraction of the week at Centennial field as New Castle hops to Massillon for a return tilt Saturday and will play under the name of Youngstown, Sunday, against Beaver Falls at Youngstown.

Two Lawrence County League Tilts Carded

Bessemer To Play Off Two Postponed Tilts.

(By ED. FRITZ)

Bessemer will play off two postponed games, Wednesday and Thursday, the Limestoners playing in their own ball-yard, Wednesday, and trotting to Wampum, Thursday evening.

The Independent Athletic association, which has been rejuvenated during the past 10 days, will be the attraction at Bessemer, at 6 p. m. Wednesday.

The team will be headed by John Ross who was named manager when a riffle appeared among the 'Indie-Ayes' and he hopes to have the Independents furnish real action against Bessemer.

Hot Rivalry Prevails

There is a considerable rivalry between Bessemer and Wampum and when the two teams clash Thursday at Wampum there will be a big crowd from each place to see the game.

Parks and Evans will umpire the game Wednesday and McCann and Patterson will call the balls and strikes, Thursday, but these two tilts are not the only games to be played this week.

The big act in the Lawrence County league's reproduction of the national drama will come when Croton and the Pennsylvania clash Saturday afternoon on the E. & A. grounds in the Seventh ward.

The Pennsylvania and Croton teams have been running wild of late and it looks as though the fight for the flag will rest between the two aggregations.

Manager Andy Colaluca stated today that he has not yet decided who would grace the mound but according to the way this man Emery has been pitching since he slid his 175 pounds into a uniform the expectation is that he will pitch. Dan Potter, manager of the P. R. R. will probably send the "Old Fox" a chap named Steve Hutnic against the Crotonites and should Emery and Hutnic grace the mound, baseball with a capital B will be the result.

Umpires Assigned

While these two teams are "battling", the Independent A. A. will play at Energy and Wampum will tackle Bessemer at Bessemer. These teams are evenly mated and indications are that there'll be plenty of real excitement among Lawrence County league fans when the umpires call 'play ball' at 3 p. m. Saturday. The umpires will be: McCann and McCormick at Energy; Patterson and Diana at Mahoningtown and Parks and Evans at Bessemer.

"Navy Coaches For Navy Teams," Plan

Director Ingram Plans New Coaching System At Naval Academy

Six members of the Navy's 1926 grid eleven will act as assistant coaches under Athletic Director Jonas H. Ingram when the veterans from last year's squad return from leave to start practice Thursday. He plans to introduce a system whereby the stars will return the following year and spend a year in coaching.

The idea is to have "Navy coaches for Navy teams" and to obviate employment of outside help.

'Navy Bill' Ingram, younger brother to the director will be the field coach for 1927. His assistants will be:

Beckett, formerly of the Marines; E. E. (Rip) Miller, ex-Notre Dame; E. R. Frawley, former Navy guard and Tom Hamilton, a star of last year.

Italian All Stars Meet Colored Stars

Followers of the Italian All-Stars and Colored Stars will hike to Centennial field, this evening to see the second of the five game series between the two teams. The colored boys are behind one game. The Columbus band will play a concert during the game.

Gives Up Pugilism To Enter Ministry

Billy LaMance, 20, son of Rev. W. M. LaMance, Methodist minister, Beulah, Mich., could not decide which pursuit to follow—pugilism or professional boxing, so he made a promise to his father that should Dana Haswell defeat him in a 'pro' bout, he would quit boxing and enter the ministry. Haswell knocked out LaMance in the second round last night at Beulah and today the young man said he would remain true to his promise—give up boxing and enter the ministry. He formerly was Central A. A. U. boxing champion.

Hot Fight In National League

Western Clubs Advance To East In Final Inter-sectional Games Of Year.

YANKEES HAVE FLAG CINCHED

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, Aug. 16—The Western clubs of the National league begin their final invasion of the east today and the hottest fight of the season is in prospect with chief opposition to the invaders will be furnished by the New York Giants, who have been playing the best ball in the league. The Giants, three games behind the second place Pirates and eight games behind the league-leading Cubs, must bowl over one club after another in order to have a chance for the flag.

The western teams may strike a tartar in Boston. The Braves have won five of their last eight games and are fighting for sixth place. In Philadelphia and Brooklyn, however, the invaders face soft picking. Indications are that the Cubs, who begin a series with Brokolyn today, will increase their five-game lead over the Pirates right at the start, as they have lost only two games to the Robins all season.

Pittsburgh plays New York today and the Cardinals, who trail the Pirates by two games and lead the Giants by one game, tackle the Braves.

As the eastern clubs of the American League go west, the Yankees have the pennant practically clinched. They are sporting a lead of 13 games. The Tigers and the Athletics will make a final effort to wrest second place from Washington.

In the only game played yesterday the Braves nosed out the Philladellies, 12 to 11, in a 10-inning slugfest. Thirty-two hits were made and Jacques Fournier clouted his second homer in two days.

Postpone Game Here Between P.R.R. Teams

Dan Potter, baseball director of the E. & A. Division team today announced a postponement of the Wednesday game between New Castle and Dennison. Dennison officials have not stated when the team will be sent to New Castle.

THE SUN NEVER SETS ON CHESTERFIELD'S POPULARITY

in Paris . . .

where good taste is born

FROM the brilliant lobby of the Crillon to the obscure little *bureaux de tabac* in the *Quartier Latin*, you'll see the familiar Chesterfield package in every corner of Paris.

The marked favoritism shown Chesterfield by this most cosmopolitan city of the Continent is added proof that the appeal of *natural tobacco taste* and fragrance is universal. And that alone explains Chesterfield's world-wide popularity.

CLIFTON FLATS STOPS RIECKS

Rieck's Winning Streak Broken By Clifton Flats Team Monday Night

The Clifton Flats team put a halt to the winning streak of the Rieck-McJunkin baseball team, in a thrilling contest staged Monday night at the Clifton Flats field. The final score was 6 to 4. The Ice Cream makers had won nine straight games prior to last night.

Byak, the Flats speed ball ace was just a little too much for the Rieck boys and limited them to seven bingles. Swinehart was the only Rieck player able to solve Byak for more than one safe hit. Byak's homer with one man on in the second inning, was one of the features of the game.

Huff turned in a fine fielding game for Tommy Blake's outfit. Morgan and Ryan were the best hitters for the Flats. Teams wanting games with the Flats team can arrange them by calling 3815-R and asking for Bill Smiley.

DEWBERRYS TOP WILLOW GROVE

Dewberrys Capture Twenty-Eighth Straight Victory On Monday Night

The Dewberry team captured its twenty-eighth straight victory on Monday night, at the Scotland Lane grounds, by toppling Willow Grove 14 to 6. Schass on the hill for the Dewberry team allowed the visitors but five hits.

The Dewberry team had two big innings, in which they tallied their runs, the first and the sixth. Goodfellow and Fox occupied the knoll for the Willow Grove team, and the former was charged with the defeat.

The hitting of Rech and Anarella featured the game, both players turning in four hits.

Brothers In Sports — By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

The sensational playing of the Waner brothers of the Pittsburgh Pirates recalls other brother combinations in various sports, a partial list of which is appended, and which shows that it is no novelty for a fraternal pair to star in various forms of athletics. But the two Waners are an exception because of their extreme youth, and because, while Paul proved the find of 1926, Lloyd, who is just past 21, is without doubt the outstanding rookie of 1927.

Paul Waner, purchased late in 1925 with Hal Rhyne from the San Francisco Seals, batted .336 in his first season with the Pirates, scored more than 100 runs, made 180 hits and stole 11 bases. This year, feeling somewhat of a veteran, no doubt—what with a younger brother around who had to be shown how it was done—Paul has put himself in line for the National league's most valuable player award by his really sensational work at the bat and in the field. His name has for a long time hovered at or near the top of the league's five leading hitters, and he should far surpass his last year's records in every department except base-stealing.

Paul can hit right and left-handed pitching with equal ease—he seems to have no weakness—and in the field his speed and accurate gauging of fly balls makes him a remarkable man on the defense. Paul is only 24, and think of the future he has!

Lloyd Waner, whom the Pirates got for a mere railroad fare on Paul's recommendation, is worth about a quarter of a million dollars now, according to Barney Dreyfuss, owner of the Pittsburgh club. He should easily equal Paul's first year achievements, and just wait until the Pirates get the third and still younger brother, who rumor hath it, is even better than Paul and Lloyd. A complete outfield of walloping Waners, with Lloyd leading off in the batting order, brother No. 3 batting No. 2, and Paul in his present position at No. 3, wouldn't be so bad. What a family!

Feg Murray Says—
Tex Rickard's "Pair of Spectacles," the Dempsey-Sharkey fight and the winner vs. Tunney, turned out to be only a monocle as far as New York was concerned.

Here And There In Sports' Land
By ED. FRITZ

Paris Kid Cangie, lightweight, defeated Benny Valger at Akron and may fight Friday night at Erie. According to Akron reports the Mahoningtown Kid showed to good advantage and the Frenchman was rather fortunate in escaping a knockout. During the past year or more Cangie has been the only fighter the city has had. He has always given the fans a run for their money and deserves exploitation. Without exploitation Jack Dempsey and Gene Tunney would be fighting to a corporal's row.

It is peculiar but nevertheless true, policemen are of a forgetful nature. This statement is proven by the fact that they have forgotten to pay off their bet with the Leslie House baseball team. A fish fry was to be given by the loser. The Leslie House won and since then the policemen have forgotten the bet. Unless the policemen produce the fish fry and serve it by September 1 they will be placed in the sport records as an aggregation of cheap skates. (We wouldn't be surprised to find a dozen tags in our automobile Wednesday as the outcome of this "memory reviver.")

Knights of the tin ear brigade will hold a pugilistic spree at Idora Park, Youngstown, tonight and by midnight there ought to be ten slightly flattened noses, 20 sore ears, 20 sore lips and five disappointed fighters as ten will grace the bill and only five can win. Bill Clark, now of New Castle, will box Mel French. They are heavyweights. In another bout Joe Midway, a recent arrival here will tackle the Polish Wonder.

Friends of George Perotta, middleweight, and Romero Pacelli, lightweight, were decidedly happy to hear both had won bouts by a knockout at Erie, and according to plans under way a big delegation of local fans will travel to Erie for their second appearance. Perotta, it is said, is making a conscientious effort to come back. Pacelli is only a kid, but is said to fight along the same reckless and utter abandon system that attracted prominence to Perotta when he first donned tights.

After reading where Pacelli had scored a knockout, an old familiar voice spoke through a telephone into our ear, saying: "Say, Fritz, isn't this fellow Pacelli, the lad that Mike Solomon knocked out last winter at the Carnegie auditorium?" It was Eddie Weygant talking and when we said: "we believe so", the West Side garageman hurriedly announced: "I'm going to write to Promoter Tommy Maxwell and ask him to book Solomon against Romeo." That looks like a real fight.

Buckeyes Pound Davis Hard In First Two Innings To Snatch Victory

The Buckeye Garment baseball team defeated the New Castle News Printers, 10 to 6, in a thrilling encounter staged on Monday night, at the Buckeye field. The game was halted in the sixth inning due to darkness.

The Buckeye batters solved the delivery of Davis in the first chapter for five runs, and came back in the second frame with a pair of markers. Three more runs were tallied by the Buckeye boys in the fourth inning.

The Printers could not hit Rogovin with any degree of effectiveness, and had but four hits for their total efforts. Three errors on the part of the Printers did not help matters any.

One of the features of the game was a double play with Fox, the Printers' center-fielder and Hickling, the first-baseman, figuring in the play. The hitting of Plant, Slovonsky and Sekley featured the game.

STOCKHOLDERS OF HOTEL WILL MEET

Stockholders of the New Castle Hotel company will meet at city hall this evening at 8 o'clock at a meeting called for the purpose of ratifying the plan for completion of the financing of "The Castleton."

Indications are that the project to be presented to the stockholders will be acted upon favorably.

The two-year-old son of a clergyman in Budapest is perfectly healthy, but is puzzling its doctors. His hair, originally black, started to turn blue some months ago and is now the color of forget-me-nots.

I just didn't know

I REMEMBER now how my friends used to tell me about Prince Albert; how they would make what sounded like the most extravagant claims for it; and how I would say "Uh-huh," and proceed to fill my pipe from the same old package. I just didn't know!

But I found out. One day, the store where I buy my tobacco didn't have my old brand. I heard another customer standing beside me say "Prince Albert" to the man behind the counter. All that I had heard about Prince Albert came back to me in a flash.

I bought a tin. "Took a chance," as I thought. As I opened it, I was met by the most inviting fragrance I had ever known. I thought of the woods after a gentle rain. It made my mouth water for a taste of such tobacco in my pipe. I tamped-in a load and lighted up.

What a taste! Cool and sweet and mild, with just enough body to make every puff a smoke-experience. I tried another load—and another. I was "sold." P. A. was my brand from then on. My only regret is that I didn't make the discovery sooner. Good old P. A.!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

HIGH LIGHTS OF HISTORY

Registered U.-S. Patent Office

The Red River Expedition.

by J. CARROLL MANSFIELD

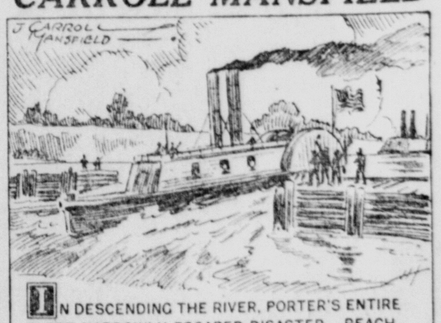

IN FEBRUARY, 1864, A UNION ARMY UNDER GEN. BANKS, AND PORTER'S GUNBOAT FLEET STARTED ON A CAMPAIGN TO WREST TEXAS FROM THE CONFEDERATES. THE JOINT EXPEDITION MOVED BY WAY OF THE RED RIVER WITH THE OBJECT OF SEIZING VAST STORES OF COTTON ALONG ITS BANKS, AND OF SEIZING SHREVEPORT, LA., WHERE GEN. BANKS WAS TO BE JOINED BY A UNION ARMY FROM ARKANSAS.

IN MARCH, FEDERAL TROOPS TOOK FORT DE RUSSY AND OCCUPIED ALEXANDRIA. THE MOVEMENT TOWARD SHREVEPORT WAS THEN PUSHED WITH ALL SPEED AS THE RED RIVER IS NAVIGABLE AT THAT POINT FOR ONLY A FEW WEEKS IN THE SPRING.

ON APRIL 8TH, 1864, THE UNION ADVANCE WAS CHECKED AT SABINE CROSS ROADS BY A CONFEDERATE ARMY UNDER GEN. "DICK" TAYLOR. THE UNION ARMY RETREATED, AND THE FLEET TURNED BACK DOWN THE RIVER, LOSING SEVERAL VESSELS ON THE WAY. TAYLOR, JOINED BY KIRBY SMITH, PURSUED THE FEDERALS, BUT WAS REPULSED AT THE BATTLE OF PLEASANT HILL. BANKS, HOWEVER, ABANDONED THE CAMPAIGN AND CONTINUED TO RETREAT.

IN DESCENDING THE RIVER, PORTER'S ENTIRE FLEET NARROWLY ESCAPED DISASTER. REACHING THE FALLS ABOVE ALEXANDRIA, THEY FOUND THE RIVER HAD FALLEN SO LOW THAT THERE WAS NOT SUFFICIENT DEPTH OF WATER TO FLOAT THE BOATS OVER. TO MEET THIS EMERGENCY, COL. BAILEY, OF THE U. S. ENGINEERS, IN 3 DAYS BUILT A DAM WHICH BACKED UP ENOUGH WATER TO CARRY THE SHIPS OVER THE RAPIDS AND DOWN THE RIVER TO SAFETY.

Each Proposal to be accompanied by a certified check in the sum of $1000.00, made payable to the order of the City of New Castle and to be marked "Jefferson Street Resurfacing".

Council reserves the right to reject any or all bids.

CORDELIA ZEIGLER JONES, City Clerk.
Legal—News—August 9-16, 1927.

Sealed proposals will be received by the City Clerk, City Building, New Castle, Pa., until 9 o'clock, Eastern Standard Time, Tuesday, August 23, 1927 for the following alternate contracts and improvements, to-wit:

First, for the installation of two 50 ton capacity garbage incinerating furnaces in the building now occupied by the City of New Castle as a garbage furnace.

Second—For the erection of a new garbage disposal plant and the installation therein of two 50 ton capacity garbage incinerating furnaces.

Each bidder shall submit his own plans and specifications and may bid upon the first or second alternate proposal or upon both. After the bids are open the council shall determine whether the first or second alternate proposal will be accepted and whether or not the city shall install new furnaces in its old building or erect new furnaces in a new building and shall then award the contract to the best bidder for the kind of construction decided upon, taking into consideration the preferability of the plans and specifications submitted, the economies and the proposed construction and the price bid. The council reserves the right to reject any or all bids either with or without reservations and to require the successful bidder, before the final contract is finally awarded to him, to make such alterations in the plans and specifications as shall be necessary to have them meet with the approval of counsel. All work to be done or materials to be furnished under any contract awarded pursuant to this notice shall be done and furnished subject to the approval and supervision either of the City Engineer or an Architect to be named by the council and subject to such inspection as the council shall require.

Each proposal to be accompanied by a certified check in the sum of $1000.00 to be made payable to the order of the City of New Castle, and to be marked "Incinerating Furnaces."

Four Judges Hear Final Pleas For Sacco-Vanzetti

Boston Courthouse Square Under Heavy Guard As Court Session Opens

(International News Service)

BOSTON, Aug. 16.—The courthouse in Pemberton Square bristled with armed guards when the final effort to save Nicola Sacco and Bartolomeo Vanzetti from the electric chair, opened today before the full bench of the state supreme court.

The square was guarded by uniformed police and others patrolled the corridors within the old granite building. Approaches to the quiet confines of the supreme court room were watched. Two hundred guards were on duty.

Four members of the supreme court bench sat to hear Defense Attorney Arthur D. Hill, a former district attorney, and General Arthur K. Reading cross legal swords.

Those sitting were Justices Henry K. Braley, Edward P. Pierce, James B. Carroll and William Cushing Wait.

Every seat in the courtroom was occupied for the momentous session.

N. Y. STOCKS

(International News Service)

NEW YORK, Aug. 16.—The motor stocks led a spirited rally in the industrial section of the stock market at the beginning of trading today. Speculative buying of the better grade of dividend stocks was stimulated by further evidences of an easier money market situation, with a decline of 3½ per cent in the rediscount rate of the Richmond Reserve Bank.

Current discussion of an additional slash in federal income and corporation taxes was seized upon by the bulls as an important level or the prying upward of prices of their favorite stocks. The motor car companies have had an excellent response to their offerings of new models at lower prices, and the outlook in the motor trade is considered favorable. Steel prices are slightly lower and some business in the latter part of the year.

Nash and Chrysler were the brilliant leaders in the advance in prices in the motor stocks. Chrysler sold up to 55¾ in active tradings, while Nash advanced to 79, fractionally below its best previous price for the year. General Motors was well bought around 226, while Packard and Studebaker sold in good volume at or near the best prices on the movement.

FEW COUNTIES HEED REQUEST

County Judges Not To Impound Ballots In Pennsylvania Districts.

Apparently the bottom has dropped out of the senatorial investigation of the Vare-Wilson controversy for the United States Senate at least insofar as the impounding of the ballots in the various counties is concerned.

Out of 65 judges who were written by David Barry, sergeant-at-arms of the United States Senate, asking the impounding of the ballots, only three have said they would do so, the others refusing on the grounds that there was no reimbursement promised.

Here in Lawrence county the position of Judge R. Lawrence Hildebrand is that a letter of request carries no authority, and in addition, he does not want to put the county to the expense of buying new ballot boxes for the primary on September 20.

Senate officials are without funds to reimburse the counties, and no session of the Senate will be held before the primary. It seems that the ballots will not be impounded, unless some private means are found.

A meeting between the Senate committee, and representatives of Senator-Elect William S. Vare and William B. Wilson will be called to determine what shall be done. Unless some action is taken in the next thirty days, the ballots will probably be destroyed on the morning of September 20, and the investigators will have nothing upon which to work.

Pitched Ball Puts Cuban In Hospital

LOUISVILLE, Aug. 16. — Merito Acosta, Cuban outfielder with the Louisville American Association team, was believed to have been seriously injured here Monday when struck by a pitched ball.

The injury occured during the second game of a double-header with Minneapolis. Acosta, at bat in the second inning, was struck in the ear by a fast ball. He was taken to the club house, where physicians attended him, and was later taken to a hospital, still unconscious.

Physicians who attended the Cuban player said that it had not been determined whether his skull was fractured.

RADIATOR STOCK OVERSUBSCRIBED

Oversubscription of an issue of 60,000 National Radiator corporation $7 cumulative preferred stock is announced by the offering syndicate composed of J. & W. Seligman & Co., Charles D. Barney & Co., and Jackson & Curtis.

Sale of the preferred stock, which was priced at $97.50 a share, marked the second step in financing a merger of six radiator companies, following the previous offering of $12,000,000 6½ per cent debentures. A limited amount of common stock was placed by the bankers who offered the preferred issue.—Cleveland News.

Godfrey Stops Jim Maloney In First

Negro Slow To Start When He Does He Whips Over Kayo

It did not take George Godfrey, the big colored boy of Leiperville, long to doom Jim Maloney at Philadelphia, last night, the knockout coming in the first round. At the start of the fight Maloney shot a right to the jaw and two to the stomach and George seemed to slow to start. He landed five more blows, three to the stomach and two to the jaw then put a right to the jaw and it put Maloney on the ropes. Godfrey sent over two more blows and Maloney fell to the canvas. It took 10 minutes to bring him to his senses.

SORDS POINTS

The Man Who Fought a Draw With Rickard Moves Up

While Tex Rickard is putting on his first $2,000,000 fight, the young promoter who drew nation-wide attention a few months ago, by fighting a draw with the world's famous promoter, is about to step into big time as a promoter. He is Walter Taylor, of Cleveland, O.

He has already been felt out for two important match-making jobs—one with an eastern syndicate and one with a Chicago group, which hopes to profit by the impetus furnished by the coming title bout and keep the ball rolling there.

Taylor had won a reputation as a sportsman and match maker in his home town before his run-in with Tex Rickard a few months ago, but hadn't received any attention outside his own bailiwick.

When Rickard started steaming up things for a battle between Jimmy Maloney and Jack Delaney early in the year, Taylor took the bull by the horns and signed up Maloney for an appearance in Cleveland against John Risko, big local rubber and glove man.

Rickard heard about the bout and got busy. The upshot of it was that Rickard brought enough pressure to bear on Dan Carroll, Maloney's manager, to get Carroll to call off the bout on the plea that Maloney had an injured thumb.

Taylor started east that night announcing that he would force Maloney to go through with the Cleveland bout. New York laughed. Taylor kept on going. Carroll finally agreed to carry out the agreement, at a late date, but before the bout with Sharkey. Taylor innocently suggested that Rickard act as stakeholder for the fight. Rickard agreed.

Then when he attempted to call off the match entirely Taylor sought an injunction to restrain Rickard from holding the Maloney-Sharkey battle.

The court denied the injunction on the grounds that the nearness of the New York bout and the money and such a move too drastic. The judge was frank in stating, however, that there was some justice to Walter's plea.

Rickard paid Taylor $1,500 to desist in his efforts to force Maloney to go through with the Cleveland battle.

Back in Cleveland Taylor found himself barred for life by the czaristic Cleveland boxing commission for not turning over the $1,500, or part of it, to the commission's jurisdiction, but had been running outdoor programs in a well-built bowl in one of the suburbs. Since the opening of the outdoor season Taylor has been drawing capacity houses with cards which he had under consideration for his Cleveland show last winter.

Taylor's astuteness as a promoter is shown in his plans for one of his late summer shows. Wilson Yarbo, a negro, has become a popular favorite because of his propensity for knocking opponents of all colors cold with one wallop. Taylor now has plans laid to bring Mickey Walker, middleweight king, to Cleveland. He isn't announcing it as a championship match. He is bring Walker mainly to let local fans see what Yarbo can do against a champion. He is wise enough to know that the outside chance that Yarbo may possibly land one good punch on Walker is enough to pack the house.

A battle between Pete Latzo, welterweight champ, and Jack McVey, another negro favorite but a clever boxer, is also planned—on the same principal.

Taylor was the first Cleveland promoter to conceive the idea of bringing champions to town for decision bouts at popular prices He accomplished this through the happy medium of signing them at catch weights. This eliminates the chance of losing their titles and by the same token permits them to unlimber without fear of getting dumped.

Taylor knows boxing from all ends. He brought Eddie Cannonball Martin, bantam king, to Cleveland to meet Tremaine at catchweights after four other champions had dodged the Cleveland battler.

He has staged 17 shows in two years, 14 of them called "big shots." His ability to forsee prospective matches has been the main secret of his success.

The future looms bright for him in view of the fact that he is now but 30 years of age.

TWENTY-FIVE ARE INJURED AS BUS CRASHES ON HILL

(International News Service)

HAGERSTOWN, Md., Aug. 16.—Physicians in three hospitals where 25 victims of a motorbus crash at Weverton were brought today feared that several deaths may result from the accident.

The bus, enroute from Hagerstown to Brunswick, plunged down a steep mountain grade to the tracks of the Baltimore & Ohio railroad. Samuel Snyder of Keedysville, the driver, said his brakes failed to hold on the grade and crashed when it failed to make a curve.

The victims were rushed to hospitals in Frederick City, Hagerstown and Washington county.

SPORTS DONE BROWN

By NORMAN E. BROWN

Just how long can Babe Ruth accept gracefully the success of Lou Gehrig, now outshining him as a home run hitter?

This isn't an idle question.

Babe Ruth is only human—with the normal amount of pride, the normal desire to ride the high road, and the ordinary desire to hold his income at the peak.

Gehrig now threatens to dim Ruth's glory and indirect ratio share the dollars that have been tossed in Ruth's path of late.

Ruth's measure of magnanimity under the circumstances may have a direct bearing on the closing results in the American league.

Babe Ruth carries considerable of the prima donna in his make-up. He likes the spotlight. He always did. He has not changed since the early days of his career, except in that he has learned to control himself—through bitter experiences.

Were Ruth to kick over the traces he would not only demoralize the team's play in some measure, but would remove his own batting power from the team's offensive.

As Ruth goes, so go the Yankees. It must be said in the Babe's favor that so far he has handled the situation in a generous fashion—has been one of Lou's biggest boosters.

A triumph for the French tennis stars, now in our midst, in the coming Davis cup matches and the national tourney will write a meaty chapter in the history of the net game.

Big Bill Tilden and Little Bill Johnston are bound to be the mainstays of America in the defense of Dwight Davis' famous trophy. Tilden has played in 12 singles matches in the Davis cup struggles and has been defeated but once. Little Bill Johnston has been beaten by a French player but once in his tennis career.

Tilden fell before Rene La Coste in a four-set match in the challenge round of the cup games last fall—his first defeat individually in the blue ribbon event.

Little Bill lost to Jean Borotra in the fourth round of the U. S. national tourney after seemingly having the match under his thumb.

If the French turn back the American team in the cup clashes it will be the first time that Tilden of Johnston have been on a defeated Davis cup team.

It will be the first time during their reign in the net world that the cup has been taken from America.

If LaCoste repeats in the national singles he will be the first foreigner, at least in modern times, to win the title two years in succession—surely the first Frenchman to achieve such distinction.

Glory aplenty awaits these intrepid invaders.

Marriage And Divorce Record Of Lawrence Shapes Up Well In State.

DIVORCES SHOW SOME DECREASE

By GEORGE H. MANNING
(Washington Correspondent of the News.

WASHINGTON, D. C., Aug. 16.—**Lawrence county and all its neighboring counties but one conformed to the tendency of the state of Pennsylvania as a whole by increasing their marriages and decreasing their divorces in 1926 as compared with 1925.**

Mercer and Butler counties showed increases in the number of marriages and decreases in the number of divorces, while Beaver county increased both marriages and divorces.

Divorces Drop.

According to reports made public by the bureau of census of the United States department of commerce today there were 1,011 marriages and 98 divorces in Lawrence county in 1926, as compared with 991 marriages and 131 divorces in 1925.

There were 72,222 marriages performed in Pennsylvania in 1926, as compared with 71,093 in 1925, representing an increase of 1,129, or 1.6 per cent.

Divorces granted in the state in 1926 amounted to 7,706, as compared with 8,027, representing a decrease of 321, or 4 per cent. There were 34 marriages annulled in 1926. Statistics on annulments were collected in 1926 for the first time.

Year's Statistics.

On the basis of population, there were 7.51 marriages in Pennsylvania per 1,000 of population in 1926, as against 7.50 per 1,000 of population in 1925, and 0.80 divorces per 1,000 of population in 1926 as compared with 0.85 per 1,000 of population in 1925. The estimated population of Pennsylvania on July 1, 1926, was 9,614,000 and on July 1, 1925, was 9,475,000, an estimated increase of 138,000 in population during the year.

The following statistics on marriages and divorces in counties in the vicinity of Lawrence were reported for the two years: Mercer, 982 marriages and 91 divorces in 1926, as compared with 869 marriages and 100 divorces in 1925; Beaver, 956 marriages and 121 divorces in 1926, as compared with 941 marriages and 114 divorces in 1925; Butler, 737 marriages and 40 divorces in 1926, as compared with 647 marriages and 41 divorces in 1925.

Man Attaches Plane After Losing 2 Cows

PARIS, Aug. 16.—An airplane collision with cows has caused a French judicial comedy in which airmen and a farmer are at odds.

A London-Brussels air liner with ten passengers aboard came down in a clover field and ran into two cows. The farmer had to have the cows killed. He promptly drew up a bill of expense. Besides the two cows he added the item of one field of clover. The pilots wouldn't pay. The owners finally had to put up security before the indignant farmer would let them board the machine and fly away.

Rev. Frank S. Clifford Is Capable Leader

Assistant Pastor Of St. Mary's Church Is In Charge Of Issuing Of Historical Review Of Congregation —Has Had Previous Experience Along This Line.

REV. FRANK S. CLIFFORD.

With the announcement that the Historical Review to be published by St. Mary's parish in connection with the dedication of its magnificent new church and the observance of the 75th anniversary of the parish, is to be issued under the personal and direct charge of Rev. Fr. Frank S. Clifford, assistant pastor of the parish, there has been considerable interest manifested on the part of the people as to whom he might be.

Although here many months, being of a retiring disposition, his many qualifications for the job at hand are not generally known. The success of the undertaking is however, assured by his past record in affairs of a similar and important nature.

Rev. Fr. Clifford was born in Connellsville, Fayette Co. Pa., January 16, 1891. His family removed to Pittsburgh when he was about four years old. There he entered the primary grades at Fifth avenue school and remained at that institution until 1900, when the family moved to Homestead.

At Homestead he entered St. Mary's Parochial school and completed the eighth grade in 1904. He then entered Homestead high school for one year. In 1905 he entered Duquesne Universtiy. He graduated from the college department of that institution in 1913. He then entered St. Vincent's Seminary, Latrobe, Pa., and studied for the priesthood.

On June 22, 1917, he was ordained as a priest by the Rt. Rev. J. F. Regis Canevin. He said his first mass in St. Mary Magdalena church Homestead, on June 24, 1917. After the death of his father in 1918 the family moved to Wilkinsburg.

His first appointment was a temporary one of two months to St. Joseph's church North Side, Pittsburgh. He went from there to St. Canice Parish, Knoxville, Pa. He was located there for nine years and while in St. Canice parish was in charge of the Sodality and director of the choir and dramatic society.

One of the enterprises there of which he was in charge was the Dramatic club benefit for St. Joseph's hospital, South Side, Pittsburgh, which netted $4,500. Another dramatic effort under his supervision was the revival of "The Lion and The Mouse" at the Alvin theatre, Pittsburgh for the benefit of the Mother House at Baden, Pa. It was a wonderful success. He was assigned to St. Mary's parish February 2, 1926.

Since being here he has had charge of the choir and one of his outstanding efforts has been the organization and training of a choir of 39 boy sopranos in the last year and a half. In preparation for the dedication of the new church and the services that will be conducted in it following the dedication he has also organized a male choir of 27 voices at the present time which will be heard for the first time at the dedication in connection with the boy soprano choir. The male choir consists of tenors and basses.

The choir practices twice a week on Tuesday and Thursday and an invitation is extended to any man who desires to join the choir and secure the excellent training that is afforded.

While it is too soon to say that it is a fact, yet there is a possibility that his activities may eventually be extended to the formation and direction of a dramatic society such as he had at St. Canice.

In the meantime he is busily engaged in making the Historical Review of the coming dedication a success and the assistance of the people of this city will be appreciated.

Pittsburgh Woman Held By Officials; Husband Is Slain

Quarrel In Pittsburgh Home Ends In Fatal Shooting Of Enraged Husband

(International News Service)

PITTSBURGH, Aug. 16.—County authorities today held Mrs. Edna Houston, following the death of her husband from a gun shot wound in their apartment. The couple had been quarreling, Mrs. Houston told detectives.

The shooting occurred, Mrs. Houston said, as the climax of a family quarrel in which the couple had hurled furniture, dishes and other household goods at each other. Mrs. Houston said her husband had threatened to "blow your brains out" with a revolver.

The woman stated that the shot was fired after she had grasped her husband's wrists in an effort to save her own life, and that the gun was discharged accidentally.

Others roomers in the house where the Houston's lived said that there were sounds of terrific quarreling and fighting going on before the fatal shot was fired.

Two-Point Buck Causes Penn Highway Accident

Deer, Chased By Dogs, Runs Into Car, Forcing It Against Another Machine

LEWISTOWN, Aug. 16.—A two-point buck caused an accident on the William Penn highway near Belleville today when it ran into a car driven by Joseph Zannino of this city forcing the machine into the path of another car approaching from the opposite direction. Both cars were damaged but no one was injured.

The deer confused in the fog while being chased by dogs dashed out of a thicket along the highway and was killed when it struck the car.

PIPE ORGAN BEING TUNED

Big Organ At Cathedral Ready Late In September.

MECHANICAL WORK NEARS COMPLETION

Dedication services for the new Moller pipe organ which is now being installed in the Scottish Rite Cathedral will be held some time during the last two weeks in September, according to cathedral authorities.

At present, experts from the Moller company at Hagerstown, Md., are tuning and adjusting the organ. They maintain that it will require two weeks more to get the organ in perfect working order and they have already been tuning it for almost a fortnight.

All the mechanical work on the organ has now been completed. A gift of the late George Greer, the new organ will have 5,612 pipes ranging from 32 feet in length to one-quarter inch. The console contains four manuals and is of the disappearing type. On each side of the huge auditorium there is a chamber which contains the pipes. Attached to the organ there is an automatic player by which rolls of music can be played just as on a player piano.

Husbands Live Longer Than Unmarried Men

Statistics Show They Average Four More Years Of Life Than Bachelors

LONDON, Aug. 16.—Married men live four years longer in England than bachelors it was stated before the Associated Bodies of Life Assurance Actuaries.

According to Pro. G. M. Robertson, distinugished British medico-psychologist insanity is three times as prevalent among single men and women as among married men and women.

The organization officially went on record urging everyone to marry before the age of 25.

University of North Carolina plans to dedicate its new athletic stadium with the Carolina-Virginia football game next Thanksgiving day.

FIVE HUNDRED READY FOR HIGH SCHOOL COURSE

(Special To The News)

MERCER, Aug. 16. — Of the 800 graduates of the rural schools of Mercer county in May of 1927 that took the high school entrance examination of that month and in August, 500 have been passed by the faculties of 15 high schools of the county that conducted tests and will be formally enrolled with the opening of the schools in September it is announced by Assistant County Superintendent of Schools W. M. Johnson today.

The number passing the tests and taking up advance work of the total is a remarkable gain over previous years it is pointed out by the school head who is authority for the statement that 75 per cent of those who took the re-test examinations held on August 12th passed.

It is said that 200 were examined at that time.
